

# Supporting Maths and Numeracy Development at Home

Parental engagement is recognised in the National Improvement Framework as one of seven key drivers in achieving excellence and equity in Scottish education.

Below are some websites that provide information, resources and ideas to support your child's maths and numeracy development at home.

**Education Scotland** - <https://education.gov.scot/parentzone/learning-at-home/supporting-numeracy/> - website contains a huge amount of information, practical ideas, resources and video clips to support maths and numeracy development across all levels.

**Education Scotland National Improvement Hub** - <https://education.gov.scot/improvement/scotland-learns/numeracy-and-mathematics-activities/> - website contains a range of activities for children to complete at home.

**Highland Numeracy Blog** - <https://highlandnumeracyblog.wordpress.com/parents-supporting-numeracy-at-home/> - contains lots of practical ideas and links to other useful websites.

**Topmarks** - <https://www.topmarks.co.uk/maths-games/5-7-years/counting> - online games to support a range of maths and numeracy concepts. Tabs at the top of the page allow you to select age appropriate games.

**It is important that pupils develop a wide range of maths and numeracy skills to prepare them for future life and work.**
