

French Colour Dominoes

Instructions

This game is played in groups of three or four. Shuffle the dominoes and give each player three dominoes each. One domino is placed face up on the table to start the game, the rest are placed face down in a pile. The first player selects one of their dominoes and matches one end of it to either end of the starting domino, saying the correct French word or phrase. For it to be a correct match it must be either matching words, matching pictures or matching word and picture. They then take another domino from the pile and the next player takes their turn. Play continues until all players have run out of dominoes.
