

# Time

Recap time, what it is used for and the tools that can be used to measure it. Recap telling o'clock times. You may want to watch the 'Mr Wolf' song for fun.

<https://www.youtube.com/watch?v=wnpAmWrhT6o>

Or, you could play the 'Mr Wolf' game on Twinkl.

<https://www.twinkl.co.uk/go/resource/tg-ga-178-whats-the-time-mr-wolf-game>

You could even have a go at playing 'What's the Time Mr Wolf?'

<https://www.youtube.com/watch?v=r2K1Py9U87I>

Watch the next section of the video clip (about half past times). Remember the whole clip is about 34 minutes long and contains quite a lot of information so we will work our way through it in blocks over the next few weeks.

Block	Content	Stop Time
1	Time introduction, clock face, o'clock time	6.42
2	Half past time	9.48
3	Quarter past and quarter to time	14.06
4	Time in 5-minute intervals	22.53
5	Time in minute intervals	28.24
6	Digital time	30.55
7	Calendars	34.07

Use the clock you made last week to show half past times. However, if you have access to a geared clock this is the best way to explore how the hands move together as time passes.

You can also use the half past time flashcards to match times, use your whiteboard or the printable sheet provided last week (laminated or in a polypocket) or complete the worksheets to show half past times.

You could even play the 'Mr Wolf' game on Twinkl again, but for half past times.

<https://www.twinkl.co.uk/go/resource/whats-the-time-mr-wolf-half-past-version-game-tg2-m-86>

Look at the flap book about time and routine.

<https://www.youtube.com/watch?v=lnbWX4Rr10Y>

You can then use the sheets provided to create your own daily routine flap book, showing the times you do certain things (preferably including half past times, e.g. At half past 7 I get up).

You could also play a game of half past time bingo.

Challenge: Have a go at writing half past times as digital times (using your whiteboard or the printable sheet previously provided (laminated or in a polypocket).
