

Fiji Village Game – Dog and Bone – For Strategy and fast Reactions

- Players start behind their own line.
- Place a ball in the center of the playing area, or anything you can pick up and run with safely.
- On Go! Both players run out to the center and have two options.
 - ❖ Pick up the bone and run it back to your own line for a 2 point score.
 - ❖ Let the other player pick up the ball and tag them before the line for a 1 point score.
- If you have more than 2 players, the players can pass the bone to their team mates to get the score.
- Add rules as you go along to develop it.
