

East End Primary School

Our Curriculum Rationale is based upon the totality of all that is planned and experienced by children and young people across the four contexts for learning from the Scottish Curriculum for Excellence;

- Curriculum areas and subjects
- Interdisciplinary learning
- Ethos and life of the school
- Opportunities for personal achievement

East End has a key focus on raising attainment in health and wellbeing, literacy and numeracy. This shapes our curriculum and works in unison with our school vision, East End - A School that is Proud. At the heart of this is our commitment to 'Getting it Right for Every Child'. Our refreshed core values - SHARE, alongside our vision and aims for the future, have been created in consultation and collaboration with the full school community and guide our journey to success.

Vision

In 2018 a school Vision Statement was created. Following Consultation with all stakeholders 100% of pupil, parental, staff and partnership respondents felt that *East End Primary School - A school that is PROUD* should be part of the school's vision statement rather than a motto. Therefore as of 2023 the amended school vision is:

East End Primary School - A school that is PROUD.

How do we do this?

By effectively using partnerships to enhance learning, we aspire for our children to be proud of themselves as learners, reach their full potential and develop the skills and confidence required to embrace the ever changing world.

Our School Values

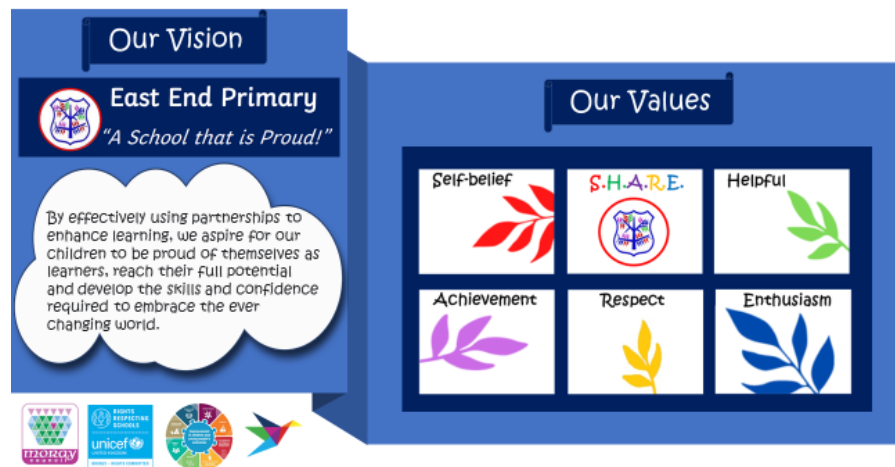

Self-belief

Helpful

Achievement

Respect

Enthusiasm

Our School Aim

Based on the Rights and Entitlements of all children central to Scotland's curriculum, we aim to place learners at the heart of their education by providing a coherent and broad general education. We strive to provide a breadth of learning experiences and opportunities within the school and local community that allow the children to become confident individuals, successful learners, effective contributors and responsible citizens in an increasingly digital world. This includes understanding the world, Scotland's place in it and the environment, referred to as Learning for Sustainability

Celebrating our School Values:

We celebrate East End Primary school's values through Share Superstar certificates and hot chocolate with the Head Teacher on a Friday. We also link house/dojo points to our school values.

In August 2023 we will also introduce a playground SHARE certificate and re-introduce celebrating weekly Dojo point winners with Friday Lunchtime Dojo Tables.

In August 2023 we will also introduce the use of 'Proud clouds' within each classroom to celebrate personal achievements.

Key Drivers

Our key drivers are underpinned by our desire to 'Empower'. It is our goal to empower practitioners to make the decisions needed to provide a coherent, flexible and enriched curriculum that is adaptive and responsive to the diverse needs of learners. We aim to motivate and inspire all learners to be proud of themselves, their learning and be supported in their learning journey to continually improve and develop; raising attainment and achievement for all. At the heart of our school community are our pupils and families. We work in partnership with

families, our school & associated schools group colleagues and local community as well as wider partners; aspiring to drive improvement and develop the young workforce. Distributive leadership opportunities are encouraged and developed for both pupils and staff. We have high expectations and aspirations for all.

Learning for sustainability is a key driver that weaves together global citizenship, sustainable development education, and outdoor learning to aspire to build a socially-just, sustainable and equitable community here at East End. Additionally, we value play as a life-enhancing daily experience for all our children and as a driver to improving capacity for learning, resilience and the development of physical, cognitive, social and emotional skills.
