

Welcome to Hythehill Primary and Nursery School!

On behalf of the current staff, parents and pupils, we hope you will feel very welcome and enjoy being part of our school community.

Transitioning to a new school can be both an exciting, yet apprehensive time. Not only for children, but also you as parents and carers. To support new children starting at Hythehill, we have created this leaflet which shares some of our parents and carers views about Hythehill and what our school can offer to support you and your child. By doing so, we hope that this leaflet will alleviate any worries or concerns you may have.

If you require any further information or would like to make an appointment with a member of the Senior Leadership Team, please contact our school administrator or make a note in your child's reading record.

We look forward to working with both you and your child.

The Senior Leadership Team

Parent and Carer Testimonials

"Since our child has started Primary 1, we have found all members of staff extremely friendly and helpful. They have all been great with communication, keeping us informed of school updates and current news. The support for learning base has provided our son with excellent support. The support they provide is second to none. Our son is happy to come to school each and every day.

"The communication between Hythehill and parents during enrolment and induction was excellent in my opinion. We were kept well informed in regards to what the process would be and received detailed information on transition days.

The induction this year of course was slightly different, however, the 'Stay and Play' mornings were highly valuable for both myself and my son. I was extremely pleased with the set up of these, ensuring a smooth transition into Primary 1.

"Initially, we weren't sure about Hythehill from word of mouth and historic reviews. However, upon

visiting a few local schools we were pleasantly surprised by Hythehill. Both in their approach to teaching and in their encouragement of healthy competition in sports and extra curricular activities. We love their induction policy for children with additional needs and the morals children are taught as the school's core foundation.

Mostly, we love that our child isn't put into a box and he is free to express himself creatively however he chooses. His learning needs are met through multiple ways of different interactive teaching and he absolutely LOVES his school!

Communication is great and we would highly recommend Hythehill to you as a school for your child "

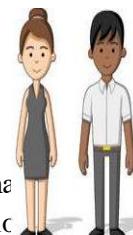

"We joined the Hythehill 'family' through a pandemic, but you would not have known. We had regular e-mail updates and also personal deliveries for our daughter starting school. The school ensured we knew what to expect from day 1. In the short

space of time being at the school, I love that our family are greeted as though we have been at Hythehill for some time. What's more is that my daughter loves going to school each day, that's the win for us!" 😊

"We have always been kept up to date during these tough times which made us feel at ease, leading to our son feeling at ease also. We were provided not only with parent information, but fun activities we could do as a family to aid our son's transition from Nursery to Primary 1."

"My child started Primary 1 in September 2020; the COVID-19 pandemic so introduced us to school were different, but just as informative for myself and my daughter. The school made sure we were aware of everything going on and were kept in the loop. We were even allowed to have a couple of visits to the classroom which put my daughter at ease. All of which was

done in a safe manner. Thank you to everyone at Hythehill School!"

"As a former pupil, Hythehill has many happy memories for me. My children are happy and enjoy coming to school. The staff truly care about the children and their learning. The staff at Hythehill are not afraid of a challenge. They make necessary changes to help my children achieve their very best. I would have no concerns about recommending Hythehill as a school for you to send your children to. It's family orientated, supportive and a happy school to be at."
