Food, Health and Wellbeing: Food for Health points
Food, Health and Wellbeing: Independent Living Skills

Development of skills for learning, skills for life and skills for work

2 Literacy 1.3 Listening and talking 2 Numeracy 2.2 Money, time and measurement 3 Health and wellbeing 3.3 Physical wellbeing 5 Thinking skills 5.1 Remembering 5.2 Understanding 5.3 Applying

Food, Health and Wellbeing:

Food Preparation (National 2) - The general aim of this Unit is to enable learners to develop skills and knowledge in food preparation. It is also intended to provide a context for the development of knowledge about health and nutrition, and safe and hygienic practices.

Food, Health and Wellbeing: Food for Health (National 2) - The general aim of this Unit is to enable learners to develop an understanding of the relationship between food, health and wellbeing. It also provides a context for the development of knowledge about safe and hygienic practices in the storage, preparation and cooking of food.

Food, Health and Wellbeing: Independent Living Skills (National 2) - The general aim of this Unit is to support learners to develop a range of practical skills to support independent living in the home or in a supported environment. Examples of practical activities may include shopping, using a washing machine, using a dishwasher, general cleaning, setting a table, or organising the storage of foods in a fridge within a school/centre.

Progression

Units Covered

This course gives learners skills in areas of maths that will be important when they leave school. Learners will develop skills and knowledge in areas such as Money, Time and measurement.

Progression

Maths – Level 3

Course Title

SCIENCE IN THE ENVIRONMENT

Level

National 2

Units Covered

Through practical activities, candidates begin to develop an awareness of science in their environment, to make scientifically-informed choices, and to develop the scientific literacy to communicate their knowledge and experience of science in everyday contexts.

There are two units that all do:

Science in the Environment: Exploring Everyday Materials

Science in the Environment: Living Things (National 2)

The class can choose one optional unit from

Science in the Environment: Keeping our Planet Healthy or

Science in the Environment: Forces (National 2)

The course has a skills-based approach to learning. It takes account of the needs of all candidates and provides sufficient flexibility to enable them to achieve in different ways.

Progression

Candidates may progress to National 3 Science, or to other units and courses at National 2 level.
