LEVEL 1/2	Science in the Environm	Personal Achievement Award	Life in another country	Maths Application of Maths	Computing Moray College	English

S4 Students are expected to have 6 fully committed columns. This would normally be 6 qualifications but in negotiation with Principal Teacher of Guidance and taking into account future aspirations may include no more than one of school service, voluntary work or work experience.

Column E indicate courses at Moray College. Details on school website (see link above). Any pupil who is intending on going to Moray College, should discuss this with their Guidance Teacher first. Pupils must then submit applications online via the Moray Council web site.

S4 students are expected to maintain an acceptable level of effort in all classes as well as make a regular contribution to the life of the school through, for example, assisting with House and pupil activities.

Keith Grammar School – Learner Pathways Planning Sheet

Full Name:	Year Group:	S3	S4	S5
	House:	Laidlaw		Kynoch

S3		S4		S5		S6
