

LEARNING ACROSS THE 4 CONTEXTS AT KEITH PRIMARY SCHOOL: JUNE 2026

Opportunities for Personal Achievement

P1 visited Keith library to find out about the different jobs which the staff do. They also heard about the Summer Reading Challenge, took part in a dalek hunt and played some digital games. What a fun time they had, even though they had a rather wet walk to get there! It's off to Tesco next, to find out about jobs there...

The Moray wide sumdog contest took place in June. We proudly had 7 P2s in the top 10 children across the whole of moray! With their accuracy being consistently over 90% and answering 700 questions each!

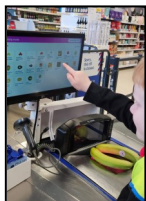

Interdisciplinary Learning

P3D have been learning a lot about the Ancient Egyptians. They have created their own Egyptian gods and constructed the inside of a pyramid tomb. They have learned how to use hieroglyphics and even mummified some apples.

Participation Time - Football themed Cardboard Creations

Pupils were learning to design and construct models using a variety of materials. They used their creativity and collaboration skills to make a table football game, beat the goalie model or a target shootout! It was a lot of fun 😊

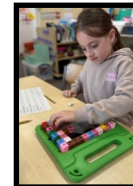

P1 visited Tesco. They explored product labels to find information, used signs and symbols to navigate the store and observed how products were organised. They also learned about different staff roles by watching and talking to employees. They all really enjoyed having a go at scanning items at the checkout!

P4MH singing their Viking songs (Dragon Ships and Who'd be a Viking Woman) at assembly. The class asked to learn the songs and then perform them at assembly. They also created their own actions for the Dragon Ships song.

P3DH were learning to measure the area of 2D shapes using multilink cubes. The children used their critical thinking skills and some of them independently worked out that they could find the area of a 2D shape by multiplying the length by the width. Great work, P3!

P7T have been making some clay coiled pots and are looking forward to painting them once they have set.

Ethos and life of the school as a community

LEARNING ACROSS THE 4 CONTEXTS AT KEITH PRIMARY SCHOOL: JUNE 2026

Opportunities for Personal Achievement

During a day of Participation Time, some pupils from P4 to P7 created small football players and popped their fingers through two holes to make 'legs'. They then played a mini World Cup football tournament on upturned tables

The school has enjoyed some great interhouse contests this session

Here are the winners

Sports: Fife

Interhouse Football: Isla

Quiz: Fife and Seafield

Overall house champions: Isla

Interdisciplinary Learning

P2F have been learning about the water cycle as part of the Climate Ready School project.

P4-6 girls enjoyed getting in the World Cup spirit during participation time. They had great fun playing a mini tournament, and were very supportive and inclusive of less confident pupils.

P7 have been enjoying their final weeks in primary school.

P4H were privileged to conclude their work with a wide range of partners in the local, national and international community celebrating the life and work of Isabella Gordon OBE (1901-1988).

This week we said goodbye to Stella, our Chinese Education Teacher, who has been working with lots of classes teaching Mandarin and offering a flavour of Chinese culture.

P5H show cased to the P4's some of the songs they have learned on the Ukulele throughout the year. They did an amazing job and have learned lots of songs.
