### Microsoft Form/Facebook Votes

It is important as a parent council that the views of everyone are represented. We continue to keep parents updated on the activities of PC using the Facebook group, email and meetings. Suggestions and views are welcome from all (via any communication method) and are sought prior to each meeting. These are used to form the agenda and discussion points. Views are represented by those present at each meeting. Votes are then held as a relatively quick and easy way to gauge support from those unable to attend meetings, decisions are made from the majority vote.
