

September 2025

Dear Families,

We hope you've all had a wonderful start to the new school year. September has been a busy and exciting month, filled with learning, activities and special events. We are delighted to share some of the highlights from across the school and give you a glimpse of what our pupils have been up to.

Curriculum

Maths Week

We are very grateful to Ashley, Ryan, Gillian and Eve, who visited the school to share how Maths is used in their careers. They gave pupils a valuable insight into real-world applications of Maths, helping to inspire and show how the skills they are learning in the classroom can be used in everyday working life.

Primary 1-3 had a fantastic time celebrating Maths Week with a range of fun and engaging games and activities. From pattern making and counting challenges to problem-solving tasks, they explored different ways to use Maths in everyday situations.

The activities encouraged teamwork, logical thinking and creativity, helping pupils to see how enjoyable and useful Maths can be. It was wonderful to see everyone so enthusiastic, focused and excited to tackle the challenges set for them.
