

Improvement in attainment, particularly in literacy and numeracy

- Collaborate with cluster colleagues to ensure all our learners have access to high quality, challenging and enjoyable learning experiences
- All staff embed the training from OTI intervention and our children become experts in feedback, challenge and engagement
- Improvement in writing at all stages using Stephen Graham writing frameworks
- Introduce PM readers across P1-P3
- Numeracy and maths experiences to be consistent across EYC-P7

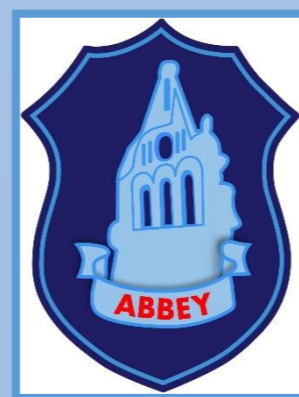

Closing the attainment gap

- We will work together as a school to improve attendance and late coming
- Opportunities for all to attend breakfast club
- Further development of our afternoon skills groups to ensure positive outcomes for all
- Embed the use of digital technologies across our establishment
- Develop play experiences from EYC-P7

Placing human rights and needs of every child at the centre of education

- Work towards our RRSA
- Embed UNCRC- article of the week
- Ensure pupils have their voice heard- article 12

Abbey PS & EYC Improvement Plan
2023-2024

Improvement in skills and sustained positive destinations for all young people

- Develop our understanding of metaskills and introduce across the school
- High quality technology experiences with a specific focus on woodwork in EYC and P1

Improvement in children's Health and Wellbeing

- Develop our understanding and use of emotion works to allow children to understand and identify how they are feeling
- P2 and P6 embed Roots of Empathy programme to support children to understand that we all develop differently
- Embed use of RSHP- specifically focussing on friendship and families to introduce the programme
