

A visit to the zoo

Name: _____

Date: _____

What are the names of the two adults in the story?

What are the names of the two children in the story?

What did the two boys talk about on the way to the zoo?

Why did Farid want to see the seals?

Why do you think both boys would be pleased when Mr Jupp told them what they were going to do?

On a separate piece of paper, write about the animals you would like to see at the zoo. Can you explain why?

Notes for teachers

Read the passage through with the children and make sure they understand why the ending is a good one. If the children are fairly confident readers they could take turns to read out parts of the story. The children might need some help with the last two questions. Discuss the final question with them and compose some sentences orally before writing anything down.
