## Recipe of the week

**Snow Dough**

You need :

- \* 1/3 cup of vegetable oil
- \* 2 cups of cornflour
- \* 3 teaspoons of glitter

Mix the glitter into the corn flour. Add the oil slowly to the corn flour, mixing as you go. Rub in like when making pastry. When it feels smooth and slightly damp it's ready.

The image shows a recipe card for Snow Dough. It features a blue background with white snowflakes. There are three small photos: one showing a snow globe, one showing a pile of white snow dough, and one showing a snow globe with a small figure inside. The text is in white and yellow.

## Health and Wellbeing

Outside

A winter walk - What can you hear and what can you see?

See how many different kinds of plants you can find

Stamp on the crunchy ground - What sounds does it make?

Find puddles to splash in

Look at the clouds. What shapes are they? What do they look like?
