

## Communication

### Magic Blackboard

Use paint brushes or any other kind of brushes around your house and water. Allow your child to paint either outside on a dry day on pavements or fences/huts. Or you can use dark coloured paper or a blackboard.

## Our Song of the week

### In My Wee Rid Motor

In my wee rid motor, I can gang for miles,  
Up and doon the gairden, through the lobby whiles.  
Mony a bigger motor gangs tae toons afaur.  
Nane can gang whaur I gang In my wee rid caur.

## Curiosity, Inquiry and Creativity

### Washing Dishes.

Give your child a basin of water on a towel and some dishes and allow them to help wash the dishes. Playing in water allows children to explore schematic play of filling and emptying.

## Recipe of the week

### Cloud Dough

Add 1/2 cup of lotion (regular or baby lotion) to a bowl. Add a few drops of food colouring and mix together until combined. Add one cup of corn flour and mix until combined. Then take out the dough and place on some greaseproof paper. Knead with your hands until it forms a dough like consistency. If it's still too sticky add a tablespoon of corn flour.

## Outdoor Play

Make sure you play outside for a while today; you could go to the park or stay in your garden.

## Wellbeing

### Prepare a snack together

Allow your child to help prepare simple snacks such as fruit, crackers or toast/sandwiches. Show your child how to spread butter and allow them to do their own. Or allow them to peel oranges or chop banana using a non-sharp knife. This helps to develop their fine motor skills and hand eye coordination, as well as giving them some independence and sense of pride.
