

Literacy

Tartan weaving.

Take a sheet of coloured paper. Cut into a square and fold in half. Starting at the folded edge and stopping 1 inch from the end, cut evenly spaced slits in the paper. Drawing vertical lines for your child to follow might be helpful. Take some other coloured paper and cut into strips. The strips must be longer than your square of paper. Take one paper strip and weave it across the slits going over and under the slits. Move this strip to the top and begin the second one. Going under and over this time. Weave more strips in an alternating pattern until your square is full. Now you have your very own Tartan.

Our Song of the week

In my wee rid motor

In my wee rid motor, I can gang for miles,
Up and doon the gairden, through the lobby whiles.

Mony a bigger motor gangs tae toons afaur.

Nane can gang whaur I gang In my wee rid caur

Numeracy

Rainbow scavenger hunt

Continuing on from eye spy. Along with your child see how many items they can find in a certain colour. For example eye spy something the colour green. Then go on a fun hunt to find as many green objects around the house as you can.

Recipe of the week

Cloud Dough

Add 1/2 cup of lotion (regular or baby lotion) to a bowl. Add a few drops of food colouring and mix together until combined.

Add one cup of corn flour and mix until combined. Then take out the dough and place on some greaseproof paper. Knead with your hands until it forms a dough like consistency. If it's still too sticky add a tablespoon of corn flour.

Outdoor Play

Make sure you play outside for a while today; you could go to the park or stay in your garden.

Health and Wellbeing

Outside

When out on your daily walk, play a fun game of how many numbers can you spot whilst out and about! See what numbers you can find! For example house numbers, numbers on bins, registration plates and signs.
