

To develop a curiosity about our world and enable our children to contribute positively now and in the future.

Corsehill Primary School March 2026

This month in our school...

March has been another busy and productive month in school, with children continuing to demonstrate enthusiasm, effort and progress in their learning. We are grateful for the ongoing support and partnership of our families, which makes such a positive difference to our school community.

Headlice Reminder - We kindly remind all parents and carers to check their children's hair weekly for headlice. Regular checks help prevent the spread and allow for early treatment if needed. Free treatment and advice are available from local pharmacies. Thank you for helping us keep our school community healthy and comfortable.

Science Centre - Pupils in Primary 5/4, Primary 5, Primary 6 and Primary 7 recently enjoyed an exciting trip to the Science Centre. The visit provided a fantastic opportunity for the children to explore a range of interactive exhibits and take part in hands-on learning experiences linked to science and technology. The pupils were enthusiastic and curious throughout the day, and it was great to see them engaging so positively with the activities on offer.

P7 Residential - Our Primary 7 pupils had a fantastic time during their residential trip to Inverclyde. The children showed great teamwork, resilience and enthusiasm as they took part in a range of outdoor activities and challenges. It was wonderful to see them supporting one another, building confidence and creating lasting memories together. A big thank you to the staff who supported the trip and helped make it such a positive experience for everyone involved.

P7 Leavers - Our Primary 7 pupils have now received their leavers' hoodies and are continuing to take part in a range of transition activities as they prepare for the move to secondary school. The coming term will be a special and exciting time for our P7s, with lots of opportunities ahead for them to celebrate their time in primary and create lasting memories with their classmates.

P6 / EYC Buddies - Our Primary 6 pupils have recently begun spending time with the children in our Early Years Centre as part of our transition programme. This buddy system gives our youngest learners the opportunity to begin building relationships with older pupils as they start to think about their move to Primary 1. The P6 pupils have been fantastic role models, showing kindness, patience and leadership while supporting the children through shared activities and play.

Report Cards - School report cards will be issued during the week beginning 30th March. These reports provide an overview of your child's progress and achievements across the curriculum. If you have any questions after receiving your child's report, please do not hesitate to contact their class teacher who will be happy to discuss it with you.

Class Spotlight

Each month, we celebrate some of our shining stars! This highlights a class who have gone above and beyond—whether through kindness, creativity, hard work, or leadership. Let's cheer them on and be inspired by their example!

This month we are celebrating our fantastic Primary 4/3 class!

Primary 4/3 have been busy this month learning all about their topic 'Vikings'.

As part of this they have been developing their skills in creativity, citizenship and collaboration. They have been learning all about the impact Vikings have had on our history through art, drama, literacy, technology and social studies. Well done to everyone!
