June 19th 2020

Dear Parent/Carer

Return to school update

I am writing to you with more information in relation to how learning is likely to look for your child next session. As you would expect, our past, current and future planning must take into account the most recent Government guidelines and, as such, is subject to adaption. However, the model that we expect at this stage to work with next session I have outlined below.

To accommodate the reduction in numbers of pupils permitted to attend our Campus at one time, but to maximise the opportunity for them to experience face-to-face contact with their teacher(s), we have separated our entire Campus cohort (both Primary and Secondary) in to two main groups: Group A and Group B. We are also taking into consideration individual circumstances where families have children across our primary and secondary. If this is the case, we will be in contact directly with families over the coming days.

Group A- pupils with surnames beginning with letters A through to L.

Week 1

Day	Monday	Tuesday	Wednesday	Thursday	Friday
Learning	On Campus	On Campus	At home	At home	At home

Group B- pupils with surnames beginning with letters M through to Z.

Week 1

Day	Monday	Tuesday	Wednesday	Thursday	Friday
Learning	At home	At home	At home	On Campus	On Campus

More information on the finer details of the school days on Campus and the first week back (w/c 10th August) will be communicated next week once our arrangements have been finalised. Please note that Monday 10th August will be an INSET day for staff.

When in school, all pupils should wear school uniform.

My continued thanks to all of you for your patience, support and understanding as we work on the safest and best way to move forward.

Yours sincerely,

Alan Dail

Alan Dick
Head Teacher
