Session 2024 - 2025

Primary 1 Class Teacher: Miss Grant

Term: 2

This term we will be learning about the following in class:

Literacy and English:

We will continue to learn three new sounds per week and use these to blend and build simple words. We will begin reading books containing short sentences, reading left to right and top to bottom using picture clues and drawing on key words from our ORT word tubs. We will continue taking part in circle time activities to develop our listening and talking skills as well as engaging in discussion about events, characters and ideas in our reading groups.

Numeracy and Mathematics:

In numeracy we will be focusing on naming numbers that come before, after and in between any given number. We will also be learning to compare two quantities, saying which is more or less.
In mathematics we will be learning to create and read directions using positional language and create symmetrical patterns with different materials.

All Other areas of the Curriculum:

In Primary 1 and 2 we have a play based environment. This means we learn through different play experiences that change weekly. They often incorporate the things we are focusing on in literacy and numeracy but more often cover the other areas of the curriculum.

Look out for our next sign up link for our 'Come and Play' sessions to see what we are up to.

Another information

Our P.E days are on a **Tuesday** and a **Thursday**.
Our Library day is a **Friday**. Please ensure any books borrowed are in bags on this day in order to return to school to swap for a new one.
Our sponsored 'moveathon' will take place on Friday 8th November. Please ensure that children come wearing active wear on the day, have plenty to drink and have a waterproof jacket as some activities will take place outside. We ask that any funds raised are brought in for Friday 15th November.
