

P5 NEWSLETTER

TERM 1 TOPICS

IDL

In Primary 5 this term we will explore our understanding of what the world looked like during early humanity before looking back to what we know about earth thousands and millions of years ago. We will explore artefacts such as fossils that tell a story about what the world was like and investigate the process that archaeologists would use to investigate the past.

LITERACY

We will research polar bears using digital and printed information. We will then create information texts that show off what we have learned. We will also explore presenting our knowledge in different ways, such as by narrating a nature documentary or presenting a news report.

GYM DAYS

Tuesday afternoon
Wednesday morning

Please bring your gym bags.

NEWS

IMPORTANT DATES

Parents evenings will take place this term. This will be split over two dates on Wednesday 1st and Tuesday 7th October. Look out for our monthly dress down days on 29th August and 26th September.
