Health and Wellbeing

Our P.E. days are Tuesday and Thursday. We will focus on team games, netball, and gymnastics.

We will be working on Emotion Works, and our focus will be to learn about each cog and what they mean.

Outdoor learning will take place every Thursday. Please ensure appropriate clothing and footwear is worn. We will be learning to build dens using a variety of natural and man-made materials, as well as linking our class topics to learning outdoors.

Expressive Arts:

Music - P5 will explore musical notation and create rhythms during Outdoor Learning using a variety of natural materials.

Art - Based around our topic, we will explore a variety of techniques incorporating line work, pattern, tone and texture.

Drama - We will be developing our role playing skills through our Health and Wellbeing topic. We will work on our expression through our reading and class novel.

Homework

Activity grids will be available on Seesaw. Please complete a task each week and send it on/complete in your jotter.

Numeracy :

We will focus on using mental strategies to add and subtract 2, 3 and 4 digit numbers. We will also consolidate our multiplication and division skills

Beyond Number:

We will be learning about 2D shapes and 3D objects and their properties. We will be developing our knowledge of symmetry by looking for multiple lines of symmetry in shapes and patterns using grids.

French:

Our French lessons will focus on consolidating French words for food and animals.

Literacy:

Reading - This term we will further develop our reading comprehension skills through SHORS, with our main focus being predicting, summarising and visualising.

Writing - This term, we will be learning about the features of Recount and Description texts. We will focus on the use of a comma within a sentence. We will also be developing our spelling skills by investigating different letter patterns/sounds.

Talking and Listening - We will focus on being able to listen to others and waiting our turn. We will also work on building team work skills through attention and listening games. We will focus on Oracy to help us develop our talking and listening, which will also be explored through our topic.

Topic

Our next topic will be Natural Disasters. We will explore different natural disasters, why they occur and how they impact our planet. We will use our research skills to create posters, PowerPoints and news reports based on natural disasters around the world.

ICT:

In ICT, we will be developing our ability to use a search engine to search for, find and retrieve information.

Science:

This term, we will be learning about Space. We will be observing the features of our Solar System and investigating the position of these in relation to the Earth. We will use our design skills to create models, which will demonstrate our understanding of the size and scale of the planets.
