Health and Wellbeing

Our P.E. days are Tuesday and Thursday.

We will focus on Athletics and Summer Games to develop our team working skills.

As part of our Health and Wellbeing topic we will use Emotion Works to discuss regulation strategies and how we might regulate particular behaviours. We will create our own regulation mat with strategies that help us as individuals to use whenever we need to in class. As part of our SHANARRI focus we will look at what makes us unique and discuss similarities and differences. We will investigate and identify what makes a good friend.

Expressive Arts

Music -

We will be learning how to play the recorder this term. We will learn how to read basic music and combine notes to play music.

Art -

We will explore the art used in our class novel "Charlie and the Chocolate Factory" and use this as inspiration to create our own art pieces and develop our own chocolate bar.

Drama -

In drama, we will create a short performance using improvisation based on a stimulus from our class novel. We will work as a team to create and present a performance.

Numeracy:

The Circles and Triangles will continue to explore division this term with a focus on dividing 2 and 3-digit numbers by 2, 3, 4 and 5. We will also be focussing on the 6, 7, 8 and 9 times tables this term using a variety of active maths strategies. Additionally, we will investigate how to use different mental maths strategies this term through the use of Number Talks for the 4-operations.

The Squares will continue working on multiplying 2 digit numbers and revisiting the 3 and 4 times table for division. We will explore this using a variety of active strategies and concrete materials. We will use this knowledge to look at dividing 2 digit numbers by 2, 3, 4 and 5 before exploring the 6 and 8 times tables.

RME: We will be discussing the key figures within different religions. We will explore these key figures through stories and expressive arts.

Technology: In ICT we will focus on coding by writing codes to develop our own games and explore technology such as Spheros. We will also focus on creating our own Chocolate Factory using TinkerCad software to develop a 3D design.

Literacy

Reading - This term we will continue to explore SHORS reading comprehension strategies, focussing mainly on summarizing and monitoring. We will also further develop our reading comprehension skills through our class novel and PM reading books.

Writing - This term we will be focussing on explanation and discussion using the PM writing resource. We will also look at writing reviews and how to share our opinions using text.

Talking and Listening - Primary 5/4 will be retelling and summarizing stories and videos using sequencing words this term. We will also be sharing and justifying our opinions.

Topic

This term, we will be completing a novel study on Charlie and the Chocolate Factory. We will use reading comprehension strategies to explore the novel as well as completing art and STEM tasks to immerse ourselves into the book. We will use our enterprising skills to design and market a new chocolate bar of our own!

Science

P5/4 will be learning about energy this term through a variety of experiments and classroom experiences. We will explore different types of energy and discuss the use of these in everyday life.

Outdoor Learning

Our Outdoor Learning day is a Thursday this term. As the weather gets better, we plan to go to the forest for activities. Could you please ensure appropriate clothing and footwear is worn for these occasions.
