Health and Wellbeing

In PE we are developing our teambuilding skills in netball and our agility and balance through gymnastics. Our P.E. days are Tuesday and Thursday.

As part of Health and Wellbeing we will be discussing The Rights of the Child and using this to create our class charter. We will also be focusing on building confidence and a positive mind set. We will complete a range of activities from 'emotion works to support this'.

Expressive Arts

Music - We will be developing our skills in listening and appraising a range of music.

Art - Our topic will give us opportunities to explore a range of media and to develop art techniques.

Drama - In drama we will use characterisation techniques to convey a character.

Numeracy:

Triangles

We will be focusing on revising times table facts up to the 9 times table. We will be exploring adding 2 digit numbers totalling a 3 digit number.

Squares

We will be revising our 3 times tables which will support us with division. We will also be exploring discussing and identifying patterns and links within and between times tables.

Circles

We will be revising carrying with 2 digit numbers and exploring identifying and naming 3D objects faces, corners and edges.

RME

We will focus on the Jewish festival of Pesach

Literacy

Reading - This term we will further develop our reading comprehension skills through our group novels and PM books. We will also explore SHORS reading comprehension strategies.

Writing - Our focus this term will be learning about the features of planning and writing our own recounts.

Talking and Listening - This term we will be developing our talking and listening skills using a variety of attention and listening activities as a class and within smaller groups. We will focus on being able to listen while others are speaking and asking appropriate questions.

Topic

Our topic this term will be the Paralympics. We will be exploring different sports and the history of the games.

ICT

We will develop our presentation skills using powerpoint including inserting text and images

Science

This term we will be exploring them solar system. We will be learning planet names and their features. We will investigate the size of the planets and make our own.

Homework

Homework grids will be given out using a four weekly grid. All activities will be discussed in class.

Outdoor Learning

Outdoor learning will take place every Monday. Please make sure your child has an appropriate jacket and footwear.
