

Deaf Identity

In partnership with Active Schools Deaf Role Model and Kat from Ayrshire Deaf Service we will develop our knowledge and skills related to Deaflympics. Deaflympics is an International Multi-sport event which occurs every four years and is scheduled to be held in Tokyo, Japan from 15th-26th November 2025.

Numeracy & Mathematics

We will concentrate on working memory and mental recall of previous learning. This will strengthen the foundation for future learning of mathematical concepts.

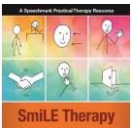

Understand Access to Sound

We will develop our trouble shooting skills related to our own personal listening technology.

Communication, language, and Literacy

We will develop our receptive and expressive skills through Blank Level Questioning. We will continue to apply strategies we have learned through SmiLE Therapy, within school and the wider community.

Enhanced Deaf Provision (EDP) Overview

Vocabulary Enrichment - Total Communication Approach

Term 1 2025/26

Health & Wellbeing

We will develop our fitness with Active Schools through the Deaflympic programme of sports. As we move around school the children are being encouraged to develop their independence through responsibility of taking care of their listening technology.

Outdoor/Experiential Learning

We will visit our local community and recall previous learning related to how to keep safe. We will explore dangers and how we cancel risk assess. The children will have the opportunity to identify how they can transfer these skill to home.

Developing Self-Advocacy

As we settle into our new classes we will continue to explore our feelings and support each individual to develop confidence in their ability to believe in themselves.

Inclusive Practice

All staff continue to be committed to each individual child:

- Each child has a bespoke curriculum; for example, each individual child is grouped appropriately to their own ability level.
- Good listening environments across the school to ensure effective use is made of hearing technologies and residual hearing, along with signed support. The aim is to improve access, breaking down barriers to learning & teaching.
- Joint planning between mainstream and the Enhanced Deaf Provision to create opportunities for children to have pre and post tutorials, 2-way inclusion and in-class support.

EDP Dates for Term 1 2025-2026
