

PRIMARY 2- TERM 1

Dear Parents and Carers,

We hope this curriculum newsletter will provide you with valuable information about what learning experiences your child will be participating in throughout term 1.

Kind Regards,
Miss Ryland

HEALTH AND WELLBEING

In term 1 we will focus on how we can be safe and healthy. We will look at the importance of hygiene and staying active. We will explore ways in which we can help to maintain our well being. We have created our class charter and class rules together, which we are all expected to follow. We decided to make our class charter balloon themed. In P.E. we will be participating in a block of team games and gymnastics.

LITERACY

In primary 2 we will continue their phonics journey this term. We will start by consolidating our digraphs that we learnt in Primary 1 and then move onto our new digraphs. The children will be exposed to a new reading book each week. In writing we will focus on recounting and using time language such as first, next, etc. We will have a variety of play experiences to support their learning in literacy.

NUMERACY

We will begin the year learning about place value and partitioning numbers. We will explore estimating and rounding, as well as developing our addition and subtraction strategies. Through play, we will also explore measure and link this to our learning across the curriculum.

LEARNING ACROSS THE CURRICULUM

In term 1, our learning will be centred around dinosaurs. We will explore the past and compare it to our lives today. We will investigate timelines, fossils and develop our creativity skills through writing and expressive arts.

REMINDERS

Learning Journals- Information to be shared will be shared about how to set up learning journals throughout this term.

P.E days- Monday and Thursday

Children require a gym bag, shorts and gym shoes. Gym bags will then remain in school and will be sent home at the end of each term to be freshened up.
