

Dear Parents and Carers,

Below is information on what the children will be focusing on in term 4. If you have any questions, please don't hesitate to get in touch.

**Mrs Connelly and Mrs Mclean Class Teachers
Mrs Blakeley EYP**

Health and Wellbeing

This term we will be learning all about our bodies. We will do this through stories, songs, and games. We will also be learning about how plants grow and how to take care of plants as we grow our own.

Numeracy and Maths

In Numeracy, we will be learning about money this term. The children will have lots of opportunities to explore different notes and coins during role play activities. We will also continue to develop our number awareness through songs, rhymes, and structured play activities.

Literacy

In Literacy, we will continue story time as part of our class routine to encourage interest and enjoyment in picture books. We will also introduce new phonics sounds each fortnight to add to the ones we learnt last term.

Interdisciplinary Learning

For our topics this term we will be learning about Spring, Animals, and The Seaside. We will explore these topics through a range of activities and sensory experiences. We will also continue to develop our life skills during food preparation activities.

Information

- PE is on Wednesday and Friday. Please provide shorts and trainers for this.
- Outdoor learning will take place on Thursdays. We have waterproof clothing for the children to wear. Please provide wellies or old trainers if you have them.
- We are a nut free school. We have pupils and members of staff with allergies so please don't bring snacks with nuts to school (Nutella/hazelnut chocolate spread, snickers, bueno etc.). Thank you.
