

Health and Wellbeing

Our focus for Health and Wellbeing this term will be staying healthy and happy online. We will look at how to protect our personal information from online platforms.

P.E.

In P.E. we will be developing our fitness, agility and movement skills through our athletics focus.

Our P.E. days remain Tuesday and Friday.

Numeracy

We will continue to develop strategies to support the 4 processes of addition, subtraction, multiplication and division. We will continue to apply them to problem solving questions. We will focus on multiplying and dividing by 7, 8 and 9.

We will continue to embed 'Thinking Classroom' approaches to help solve a range of mathematical problems.

We will continue to develop our time skills. We will link digital and analogue times. We will learn about money, practising paying for items by selecting coins and practising giving change using coins.

Topic –

Our topic this term will be 'The Commonwealth Games'.

We will be learning about the different countries who take part, some of the different sports and famous athletes.

ICT – We will develop our skills on creating bar charts and graphs using different software to organise and present data collected.

Expressive Arts

Drama - We will be developing our expression and acting skills through health lessons looking at role-playing problem-solving strategies in social scenarios.

Art – Our topic will provide opportunities to develop skills using a variety of media.

Music – We will be developing skills in playing tuned percussion instruments to create music.

Literacy

Reading – This term we will further develop our comprehension skills through SHORS, group reading books and class novels.

Writing – We continue to develop our writing skills and confidence in writing through our Authority Writing Project. This involves writing every day for a short, focussed period. We will be self-assessing and tracking our progress both as individuals and as a class.

Talking and Listening – We will develop our talking and listening skills through the routines of the classroom such as circle times and class/partner discussions. We will also focus on these skills through teamwork and group challenge tasks this term.

Homework

Homework tasks will be issued every Monday. This will include a mixture of Literacy, Numeracy, Outdoor Learning and Health and Wellbeing.

Any written work should be returned in the homework folder/jotter provided by Friday of each week.

Homework tasks will also be available through Learning Journals where you will find regular updates on our class.
