

Literacy

Reading

This term we will continue to develop our reading comprehension skills through SHORS and group reading materials.

Writing

This term, we will be learning about the features of narrative texts. Pupils will focus on verb tense and using adjectives to build interesting pieces of writing. We will also be developing our spelling skills by investigating different letter patterns/sounds. Daily opportunities for writing will also continue.

Talking and Listening

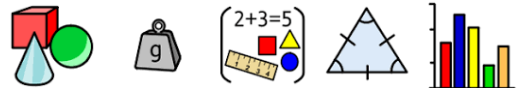

Talking and Listening – We will research and deliver a short presentation linked to our topic. We will also develop our Oracy skills.

Numeracy and Maths

We will continue to enhance our skills in the four functions, using these to solve BODMAS equations. Pupils will also work to ensure times table knowledge and recall is faster and more accurate.

Maths

We will be learning about fractions, decimals and percentages and the links between these. We will revisit using analogue and digital clocks to tell time to the nearest minute. We will also practise using money in real life contexts with links to our topic.

Health and Wellbeing

Our P.E. days are Tuesday and Thursday. We will focus on athletics and summer games. We will focus on how physical activity & sport can lead to positive destinations beyond school. We will also look at the negative impact bullying has on others and work on ways to be more inclusive.

Outdoor learning will take place on a Wednesday. Please ensure appropriate clothing and footwear is worn.

Topic

Our topic this term will be the Commonwealth and the Commonwealth Games. We will find out about many of the countries included in the Commonwealth. We will also have a go at some of the sports included in the Commonwealth Games during PE lessons.

Science

This term we will be working alongside Glasgow Science Centre to learn about Our Amazing Air. Pupils will investigate what air is and why it is so important, what air pollution is and how we monitor it and learn how air quality can be improved.

RME

We will be looking at a variety of religions and religious symbols.

Music and Drama

We will develop our music and drama skills together whilst learning about countries of the Commonwealth and their cultures.

Art

We will continue to learn about the elements of Art, focusing on line and texture. We will also learn the history of stained glass and use art skills to recreate stained glass pictures.

ICT

In ICT, we will be developing our skills to manipulate texts and images using a variety of software. These will be used during class presentations.

Homework

Homework will be issued on a Monday and collected on a Friday.

Work can be submitted in homework jotters and brought into school to be marked.
