

Dear Parents and Carers,

Welcome back to our returning pupils and a warm welcome to our new pupils. We hope you have had a lovely summer. This newsletter will give you an idea of what the children will be focusing on this term. If you have any questions, please get in touch. We are here to help.

Mrs Connelly/Mrs Mclean Class Teacher and Mrs Burns EYP

Health and Wellbeing

This term we will be establishing routines with the children throughout the school day. We will look at supporting them in becoming familiar with their new and returning environment, whilst supporting them in different transitions throughout the school day. Our main focus is to build relationships with the pupils and their peers through play-based activities.

Numeracy and Maths

The children will explore numbers and counting through songs and play using concrete materials. We will also be looking at patterns in our environment and practising copying patterns and creating our own.

Literacy

In Literacy we will take part in activities that will develop their fine motor skills. We will focus on communicating with the children based upon their individual needs and encourage listening and following instructions through action songs and interactive activities.

Learning Across the Curriculum

Our topic this term will be All About Me. We will get to know each other through games, songs, and sensory activities. In P.E., we will focus on our transition and movement skills. We will be learning life skills during food technology. Our target for Outdoor Learning will be to explore our school environment.

Information

- Any important information will be communicated through Learning Journals. Please feel free to share any news and photographs from home.
- PE is on a Tuesday and a Thursday.
- We are a nut free school. We have pupils and members of staff with allergies so please don't bring snacks with nuts to school (Nutella/hazelnut chocolate spread, snickers, bueno etc.). Thank you.
