

Elderbank Primary School

Home / School Info.

Health and Wellbeing:

Our P.E. days are Monday and Friday. We will focus on gymnastics, rugby then Social Dance.

We will focus on learning about how to live a healthy lifestyle including healthy food choices. We will also celebrate each other's achievements.

Expressive Arts:

Music - We will sing and play instruments to Christmas songs whilst learning to follow a tune/beat. We will also be learning to read simple musical notations.

Art - We will create different crafts for both Halloween and Christmas.

Drama - We will practice our drama skills through our topic and RME.

Homework

Homework will be given out on Monday to be returned by Thursday. It will include a mixture of Numeracy and Literacy tasks.

Numeracy:

We will be consolidating the use of the four operations. In addition, we will explore negative numbers and develop skills in estimating and rounding.

We will be learning about how to read/interpret from charts and graphs, as well as developing our own surveys to create a chart/graph. We will use ICT software to display information on charts and graphs.

We will also be developing skills in reading and measuring time. We will convert between analogue and digital time.

French:

Our French lessons will focus on consolidating days of the week and numbers to 50. We will also learn holiday themed words for Halloween and Christmas.

Literacy:

Reading - This term we will further develop our reading comprehension skills through SHORS and group reading materials.

Writing - This term, we will be learning about the features of recount texts. We will focus on verb tense and punctuation. We will also be developing our spelling skills by investigating different letter patterns/sounds.

Talking and Listening - We will research and deliver a short presentation linked to our topic. We will also develop our oracy skills.

Topic:

We will be studying 'Endangered Animals' which will include looking at different habitats across the world. In addition, we will investigate what can be done to help support species that are under threat.

ICT:

In ICT, we will be developing our skills to manipulate texts and images using a variety of software. These will be used during class presentations.

Science:

In Science, we will explore light and how it is used. We will also study eco-systems linked to our topic. This will include looking at how human activity can affect food webs and food chains.

RME:

In RME we will learn about Christmas customs and symbols around the world, with a focus on France.
