2D and 3D shapes- Naming shapes and understanding the properties of these.

Number processes- learning the 6,7,8 and 9 times table.

Area- finding the area of a shape

Weight- Finding and using different types of measurement tools to measure and compare object weights.

Literacy & Languages

* **Spelling:** Each group will have a list of spelling words to learn at home and in class weekly using written and active tasks. There will also be a focus of common words linked to age and stage of your children to use throughout writing sessions in the class.

* **Reading:** Each child works from either the Rigby Star or novels. Children will have a book in class then the following week have it as homework to share their successes at home. SHORS strategies of questioning and inferring of texts will also be a focus.

* **Writing:** Description, imaginative and narrative. This term children will be developing their knowledge of description writing and narrative writing. Throughout writing sessions there will also be a focus on being successful with writing; including sounding out new and unfamiliar words, using descriptive language and adding paragraphs.

* **Talking & Listening:** active listening tasks will be completed weekly as well as skills used during drama. Presenting a presentation to the class as well as creating questions during reading sessions.

* **French:** This term the class will be learning to share greetings, feelings and colours as well as revision of numbers to 20 & beyond.

Health & Wellbeing

* **PE:** This term the class will be learning the skills of netball and Rugby.

The class have been learning about different emotions they may experience and causes of these emotions. As well as this the class are learning different strategies that they can use both at school and home to help them regulate their emotions and share with trusted adults how they are feeling and why they are feeling that way.

RME

* Synagogues

Topic

* Famous Scottish people

Expressive Arts

* **Music-** Weekly Charanga lessons.

Introduction to learning the glockenspiel/

Art- Topic based art

Drama- Using body and voice to create small drama performances linked to health and wellbeing.

Technologies & Science

* **Our science topic this term** will be micro-organisms.

ICT- Online research using search engines. Also learning to touch type and type with increasing speed.

Other Information

* Weekly homework will be set on a Monday and due in the following Friday. This will be a reading book which your child will have had in class the week previous, a list of spelling words linked to a specific sound and maths that is revision of learning within the class. Homework is designed to be an independent task for your child that they can take ownership with. Our PE days are a Tuesday with Mr Flynn and Friday with myself. I am looking forward to working with you and your child this year.
