Campaign overview

Scottish Apprenticeship Week 2022

Scottish Apprenticeship Week (7 – 11 March 2022) is the annual campaign designed to celebrate the benefits of earning whilst learning with a **Scottish Apprenticeship.**

The Week will show that apprenticeships work for Scotland by giving people the skills employers need now and for the future.

There are thousands of apprenticeship opportunities every year and the Scottish Government is committed to increase the number of apprenticeships in Scotland. In fact, apprenticeships play a crucial part in the Young Person's Guarantee, which is a commitment to connect every 16 to 24-year-old in Scotland to an opportunity.

With support from businesses, learning providers and apprentices, the Week is a fantastic opportunity to help your pupils find out more about the benefits of work-based learning.

This year's Scottish Apprenticeship Week is packed with opportunities for teachers and pupils to get involved!

Event programme

Each year, hundreds of employers, learning providers, regional DYW groups and other partners come together to support Scottish Apprenticeship Week.
