

## January House Challenge

Let's not let lockdown stop us earning some House tokens!  
This is one that you can do either at home or when you are in  
the school hub ☺

The challenge is to **build a tower** that is **bigger than** someone at home (or at school). The more creative your tower the better! Look around the house/school and think what items could go together to make the best towers.

The good news is that everyone who attempts the challenge will receive **one** House token!

*\*\* Extra tokens and maybe even some **\*\*stars\*\*** will be given out to the most **creative towers!***

When you have built your towers, click on the link below:

<https://padlet.com/kruss1910/54atqo8y1bu9f6eq>

This will take you to something called a **Padlet**. Only people with the above link can access this.

It is a safe and secure way for us to share pictures of our challenges and saves all the class Seesaws getting cluttered with House Challenge pics! (It also makes it easier for Mrs Russell to find everyone's entries and count up the House scores!)

On the Padlet you will find further instructions on how to add your tower picture – it should be nice and simple! However, if you have any problems uploading your pictures email me on:

gw09littlekelly4@glow.sch.uk

You have until **Friday 29<sup>th</sup> January** to get your tower built!

We look forward to seeing how you all get on.

Good luck to all the Houses!
