

Dear Parents/Carers,

The online world can be a bit overwhelming at times but it is important we understand what our children are doing online so we can help make them safer. The **Safer Schools App** aims to help with this and our school now has access to this **free** resource.

The App will provide you with access to information on the popular social media platforms, games and apps used by your children and their friends. You will also be provided with an insight on critical issues such as bullying and gaming and will be given easy to follow advice on how you can make the devices your children use and access safer.

How to download the Safer Schools App

1. Download straight from the App Store or Google Play by searching 'Safer Schools'.

2. Select **Glencairn** from the dropdown menu and click 'continue.'
3. Enter the 4 digit login code: **7440**

Remember to enable push notifications to keep up-to-date with tips, advice and guidance on how to keep your children safe.

If you have any questions regarding the Safer Schools App, please don't hesitate to contact us.

Yours sincerely,

Kelly Russell
Principal Teacher

HONESTY DETERMINATION RESPECT
