Primary 7M Class News

Welcome to our Termly Information
We hope you will find it useful and interesting.

Term: Term 2

Teacher: Miss McFadyen

Session: 2025-2026

Literacy

In Literacy, we will continue to learn and revise spelling patterns to help improve our spelling across all areas of the curriculum. Within writing we will be working to enhance our writing by using adjectives and descriptive phrases to engage the reader. We will be extending our knowledge of grammar by learning more about verbs and verb groups. We will also have fun exploring similes and metaphors. This term we will be reading a variety of texts and will work on creating literal, inferential and evaluative questions relevant to the text.

Health & Wellbeing

In PE, we will be developing our rugby skills and our general fitness through circuits. We will also be learning to create a sequence of jumps, balances and rotations in gymnastics. We will learn the importance of staying active on a daily basis and how it is important to achieve a good balance of sleep, rest and physical activity.

Social Studies

Our Social Studies this term will be Spain. We will compare Scotland with Spain and investigate the main features of weather and climate, discussing the impact on living things. We will learn how the physical environment influences the ways in which people use the land and we will be able to locate key features on a map.

Maths & Numeracy

In Numeracy, we will continue to undertake our daily mental maths activities which cover all aspects of numeracy and maths. We will start the term off by learning how to multiply 5 digit numbers by 2 digit numbers. We will have fun by exploring well known number sequences including Pascal's Triangle and the Fibonacci Sequence. We will explore fractions, decimals and percentages in greater detail including problem solving and using these calculations in real life contexts. These activities will be differentiated to ensure that children are receiving the appropriate levels of

STEM

This term our Science topic will be Animals. We will learn how to classify living things into plants, animals and other groups through knowledge of their characteristics. We will also learn how some plants and animals have adapted to their environment and how this has contributed to their survival, or extinction.

Modern Languages

During French lessons we will be learning school nouns and asking questions about our classroom. We will continue to revise numbers within 100 and personal descriptions.

Expressive Arts

This term we will have the opportunity to develop our 3D art skills by creating clay lizards linking to our Spanish topic. We will also create a Largs collage scene using art straws.

RME

This term our RME topic will be exploring Christmas traditions around the world.

Digital Technologies

We will learn to download, edit, save and share Word documents this term. We will also work collaboratively with others online, in real time, to produce a shared presentation.

Useful Additional Information

Our PE days are Monday and Wednesday. Please ensure that your child is dressed for physical activity, with hair up and no jewellery (or provide tape to cover earrings).
Homework will be handed out on a Monday and should be returned on the Friday.
We are very excited about our Ardentinny trip on the 17th November!
We will visit Largs Academy on the 15th December to take part in a Christmas Quiz.
