Primary P2H Class News

Welcome to our Termly Information
We hope you will find it useful and interesting.

Term: Term 2

Teacher:

Session: 2025-2026

Literacy

Health & Wellbeing

This term in P2H, we will be using our core reading books to build our sequencing and summarising skills! We'll also be learning how punctuation helps us make sense of what we read. As we read aloud together, we'll pause at full stops and discover how exclamation marks and speech marks bring stories to life and help us understand the characters and their feelings. Our writing focus this term is Narrative Writing, specifically writing about characters and setting. We will be able to choose and use adjectives in a simple sequence of sentences. We will also be developing our talking and listening skills in class as we read together in our reading circles.

P2H will continue to use our Zones of Regulation check-in to identify how we are feeling. This term we will be able to discuss and use strategies to help self-regulate when needed.

At P.E. we will further develop our gymnastic skills of, jumping, balancing and rolling and combine these into a routine to perform to each other. We will give feedback to our classmates letting them know what they have done well.

Social Studies

Maths & Numeracy

This term we will be learning about Remembrance, exploring why we wear poppies and how we remember the people who keep us safe. P2H will learn about the significance of Remembrance Day, take part in reflective activities and create poppy-themed artwork. We will also explore Fireworks and Bonfire Night and learn about fires safety.

Our focus this term will be addition and subtraction. We will be working with numbers up to 10 and up to 20. We will also be counting on and back in 2s, 5s and 10s. We will be using the addition vocabulary add, plus, sum, total and the subtraction vocabulary subtract, take away, minus and difference.

We will be learning how to add and subtract using Tens and Units columns without carrying or exchanging.

We will continue to use Sumdog in class to consolidate our learning.

STEM

Our science topic this term is sound. P2H will be investigating how sounds are made and how sound travels. We will participate in hands-on experiments and take our learning outdoors as we create and explore sounds together.

Modern Languages

P2H will be learning how to share personal information with each other in French. We will be able to say where we live, our age and nationality. We will be learning through French songs and games. We will also learn some new colours in French.

Expressive Arts
