Primary 7F Class News

Welcome to our Termly Information

We hope you will find it useful and interesting.

Term: Term 1

Teacher: Miss McFadyen	**Session: 2026-2027**

Literacy

In Literacy, we will be continuously learning and revising spelling patterns to help improve our spelling across all curricular areas. Within writing we will be working to enhance our descriptive writing by using a greater variety of sentence openers. We will be extending our knowledge of grammar by learning more about nouns and adjectives and will be applying these in our writing. We will also be consolidating our use of joined up handwriting. This term we will be reading a class novel and will be working on various SHORS strategies to further develop our comprehension skills.

Health & Wellbeing

In PE, we will be developing our hockey skills and our general fitness through circuits. Those chosen for the Athletics Team will be working with Mr Straw to prepare for the upcoming competition. We will be exploring the UNCRC to create a class charter. In addition, we will also be learning about ways to maintain and improve our mental and social wellbeing.

As part of our Social Studies, we will be learning about Global Citizenship. Through the Global Goals, we will be learning about social issues and our place in the world around us.

We will complete a research topic about Spain, exploring culture, traditions and the language. We will work collaboratively to create a tourism video about Spain.

Maths & Numeracy

In Numeracy, we will be undertaking daily mental maths activities and weekly number talk tasks to improve our confidence when dealing with numbers. We will be continuing our knowledge of place value and rounding and developing our skills through the use of larger numbers. We will be practising the 4 operations and ensuring we know how to lay out our calculations correctly. We will also learn how to understand and identify prime numbers. In Maths, we will continue investigations using compasses. These activities will be differentiated to ensure that children are receiving the appropriate levels of support and challenge.

STEM

This term our two Science topics will be the Solar System and Living Things. We will learn to identify the key features of the planets and will use models to understand the size and scale of our Solar System and will investigate the life cycles of plants and animals.

Modern Languages

During French lessons we will be learning to describe physical appearances, classroom/school nouns and colours. We will continue to revise numbers within 100.

Expressive Arts

In Art, our focus this term will be drawing skills. We will develop our knowledge of line, shape, tone and texture. In Music, we will use our voices, musical instruments and music technology to explore sound, rhythm, pitch, melody, timbre and dynamics.

RME

This term our RME topic will be exploring Christmas traditions around the world.

Digital Technologies

This term we will collaborate with one another to create a coding game/project using Scratch.

Useful Additional Information

Our PE days are Tuesday and Wednesday. Please ensure that your child is dressed for physical activity, with hair up and no jewellery (or provide tape to cover earrings).
Homework will be handed out on a Monday and should be returned on the Friday.
