Have Fun From Day One

## Bubble Cup recipe

### You will need:

- 1 foam cup
- 1 straw
- 1 rubber band
- 1 j-cloth
- Washing up liquid
- Water
- A pen or pencil
- A bowl or basin

### What to do:

1. Mix the water and washing up liquid together in the basin.
2. Use the pen to pierce a hole in the side of the cup and poke the straw through.
3. Attach the j-cloth to the top of the cup using the rubber band, ensuring there are no gaps.
4. Turn the up upside down, dip the cloth into the washing up liquid solution and shake off excess liquid.
5. Blow through the straw to see the bubbleserupt from the top of the cup.

### Ideas

Why not have competition to who can blow the biggest bubbles?
