Have Fun From Day One

Gluck recipe

You will need:
A large tub or tray
Cornflour
Water
A spoon or your hands

What to do:

Gluck is very easy to make and you don't even need to measure the ingredients.

1. Pour the cornflour into your tub or tray.
2. Add the water and mix with a spoon or your hands to make a soup-like consistency.
3. Your gluck is ready to go! Let your child run their fingers through it and ask them what it feels like.

Options

Why not add a little liquid food colouring to the water just before mixing it with the cornflour?

What's so special about gluck?

Gluck feels like a liquid and a solid! If you run your fingers through gluck, it feels like a liquid, but if you scoop it up and roll it into a ball, it feels like a solid!
