

SIMPLE SPHERO IDEA 6

SWIMMING SPHEROS

RESOURCES

Box of Spheros

Rubber bands

Plastic tray at least 3 inches deep/paddling pool or similar

Water

NB. Spheros are waterproof and float

INSTRUCTIONS

1. Put rubber bands around Sphero (these provide traction in the water)
2. Fill tray with water
3. Using Sphero Edu app, players open DRIVE and use the drive circle on the left to move the Sphero through the water (Remember to aim the Sphero first!)
4. Players can race each other through the water or navigate around an obstacle course

Pupils could be challenged to test how many rubber bands are required to make the Spheros move faster/easier.
