

INTRODUCTION TO SPHEROS

MOVING A SPHERO – FIRST STEPS

RESOURCES

Sphero
iPad with Sphero Edu app

INSTRUCTIONS

Connect a Sphero to your iPad

Tap on DRIVE

You will see the screen below

Tap AIM to aim the Sphero – make sure the light is at the back of the Sphero, in front of your feet. The Sphero will move from your feet

The circle on the left is the joystick, move the small blue circle to move the Sphero

On the right, the colour wheel allows you to change the colour of the lights

The vertical slider changes the speed of the Sphero

The horizontal slider changes the intensity of the lights

Place your finger in the circle on the left of the screen and move it – watch the Sphero move as you move your finger
