

Ready to Print & Make.

Black & White & Color options!

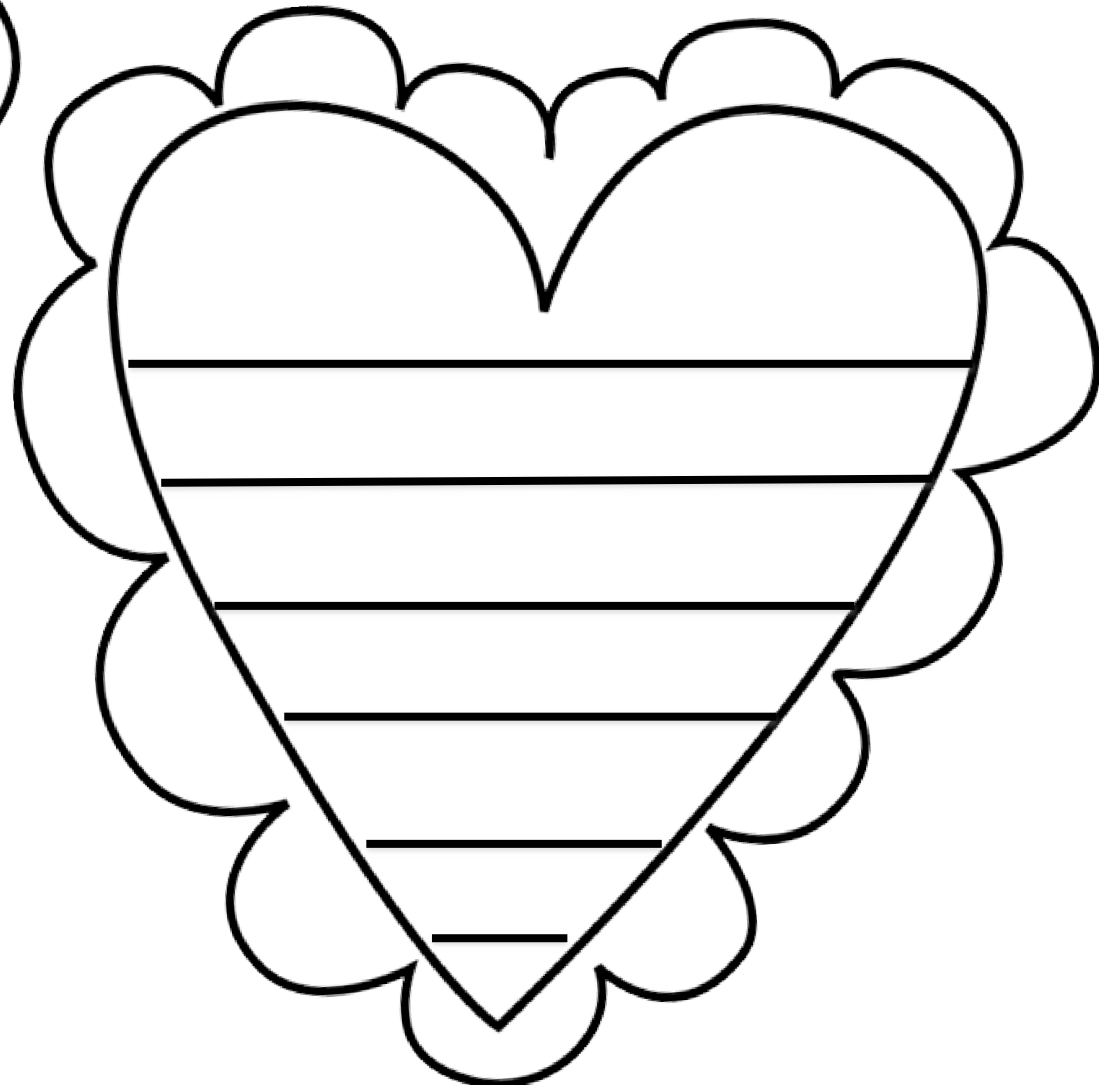

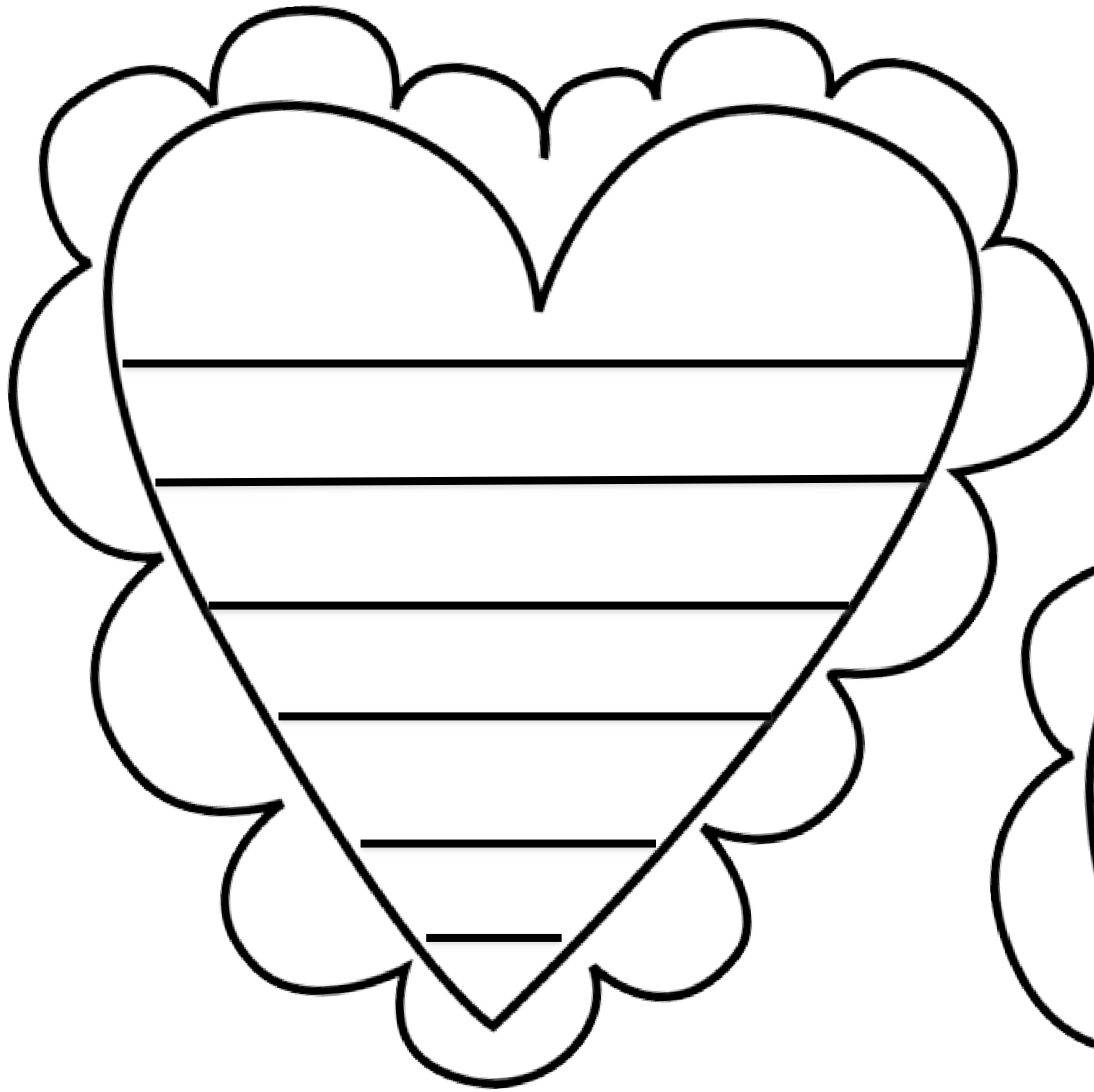

I LOVE YOU...

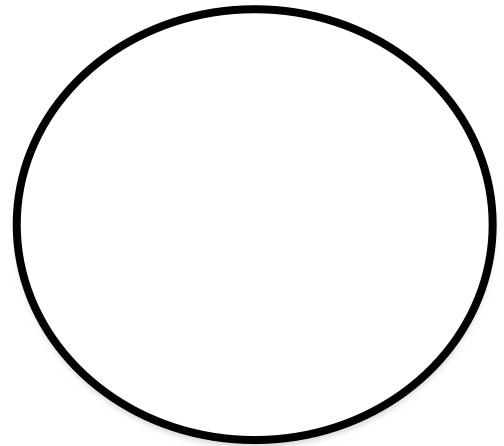

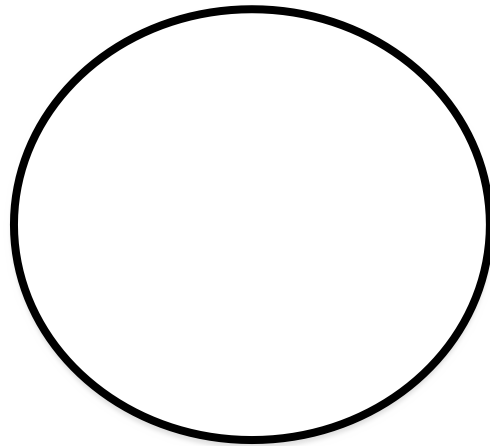

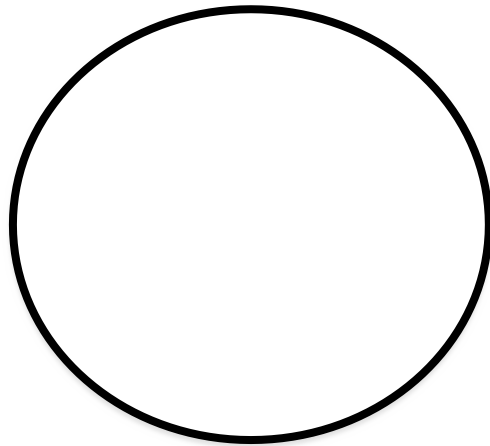

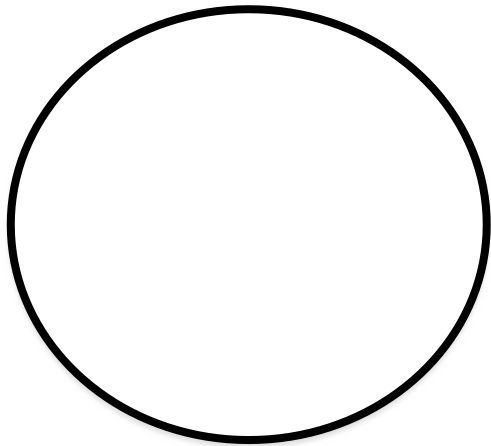

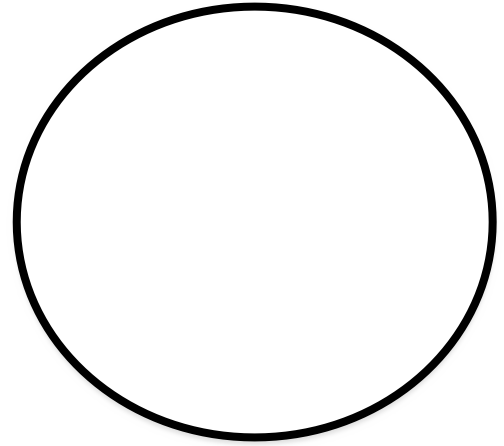

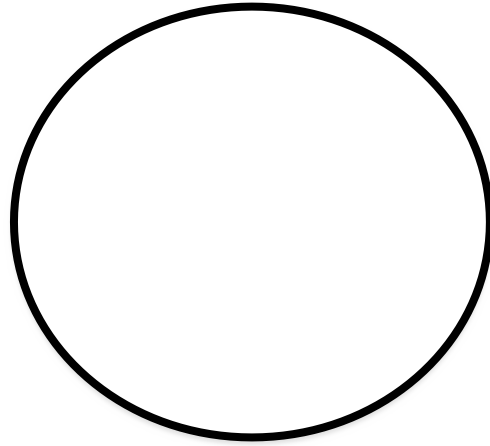

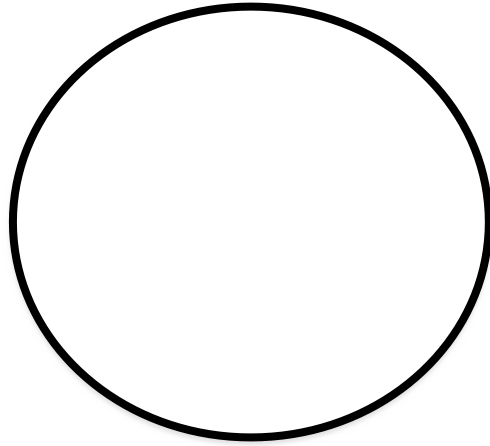

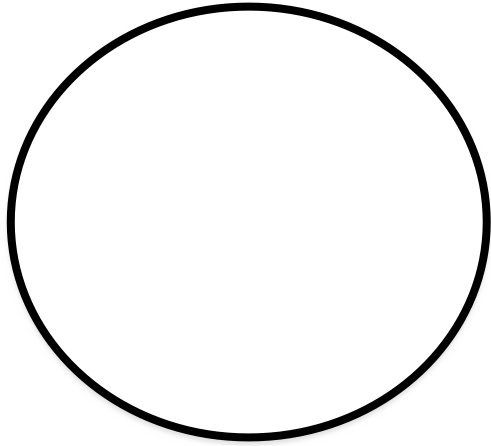

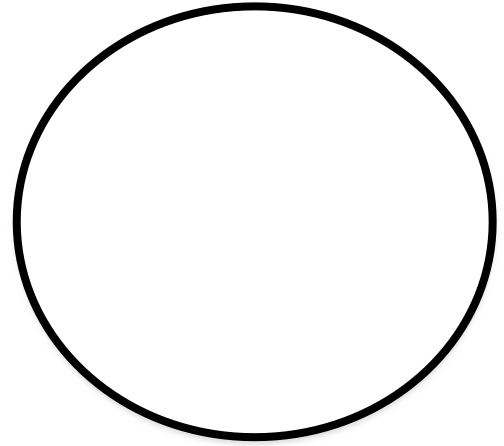

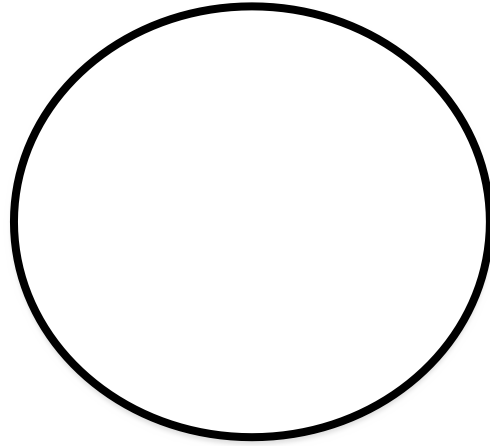

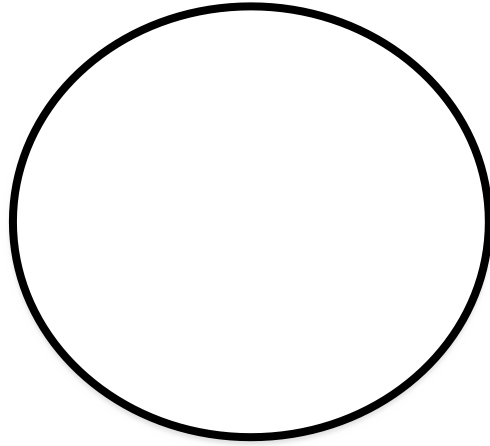

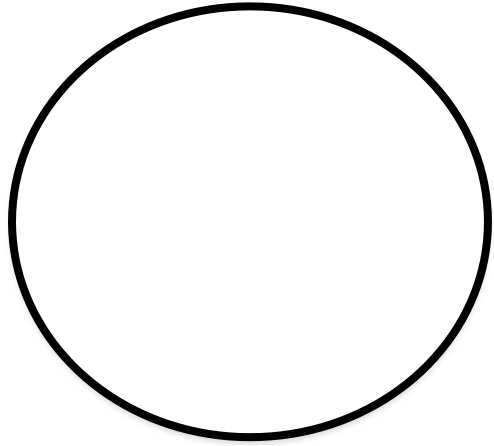

VALENTINE CROWN
&
FAMILY CARD IDEA

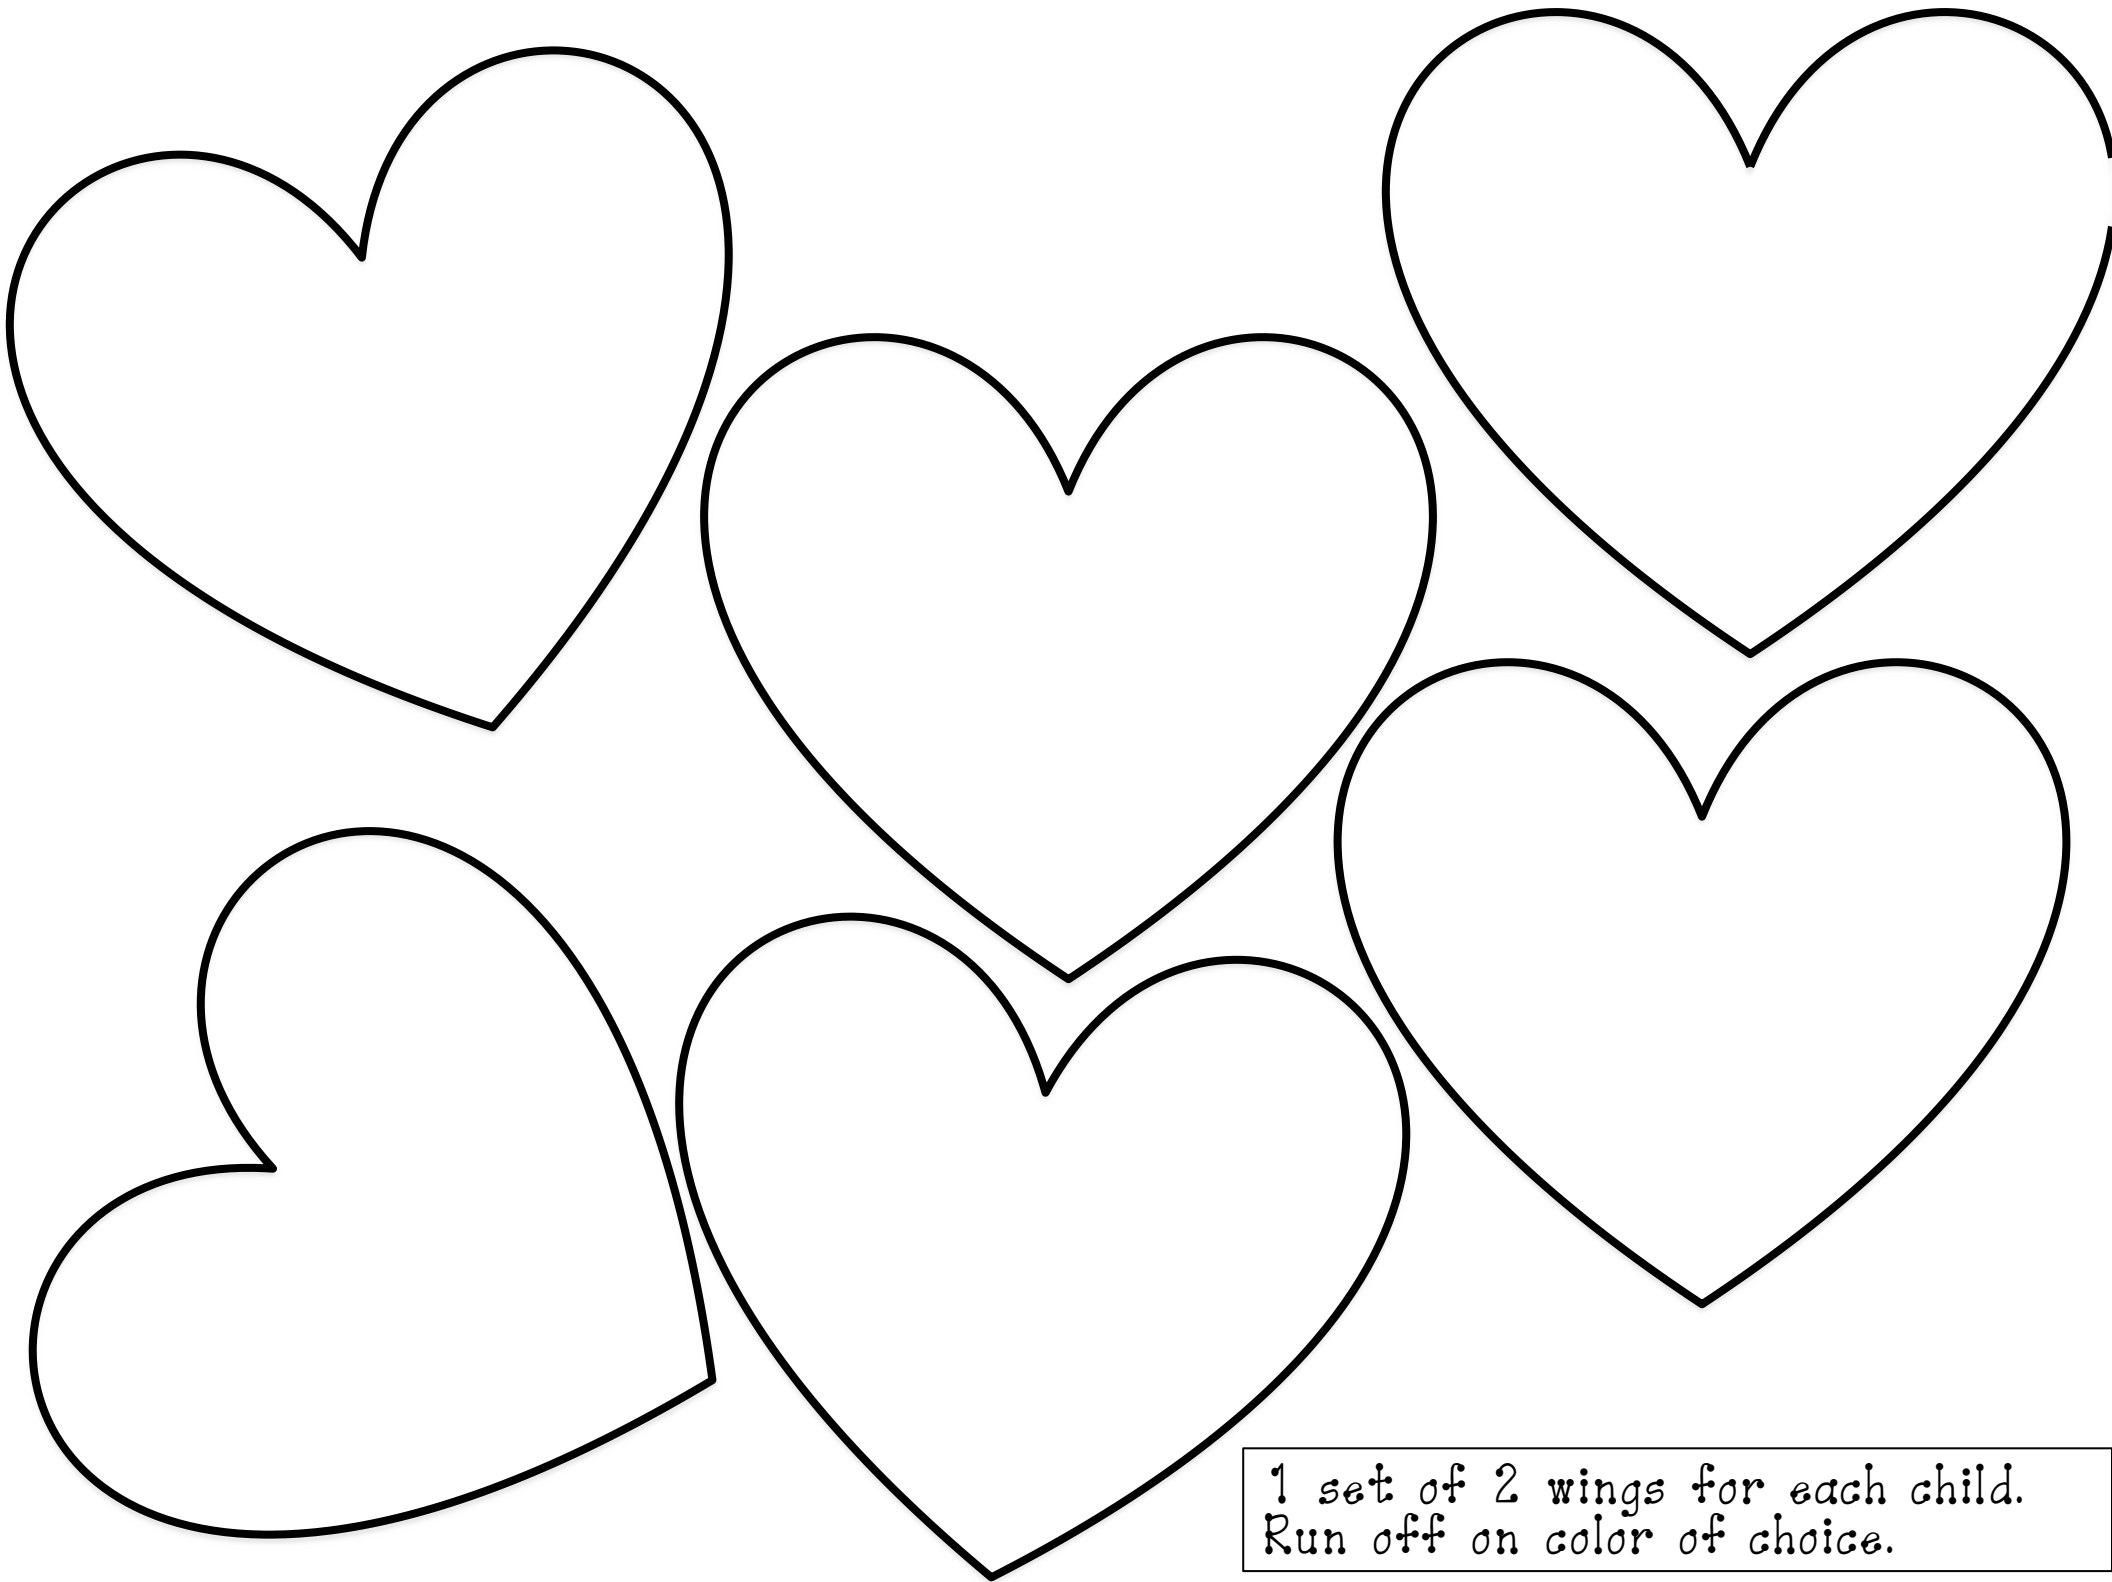

Run off One body
heart for each
child on a color of
choice. Children can
then color in the
stripes if desired.

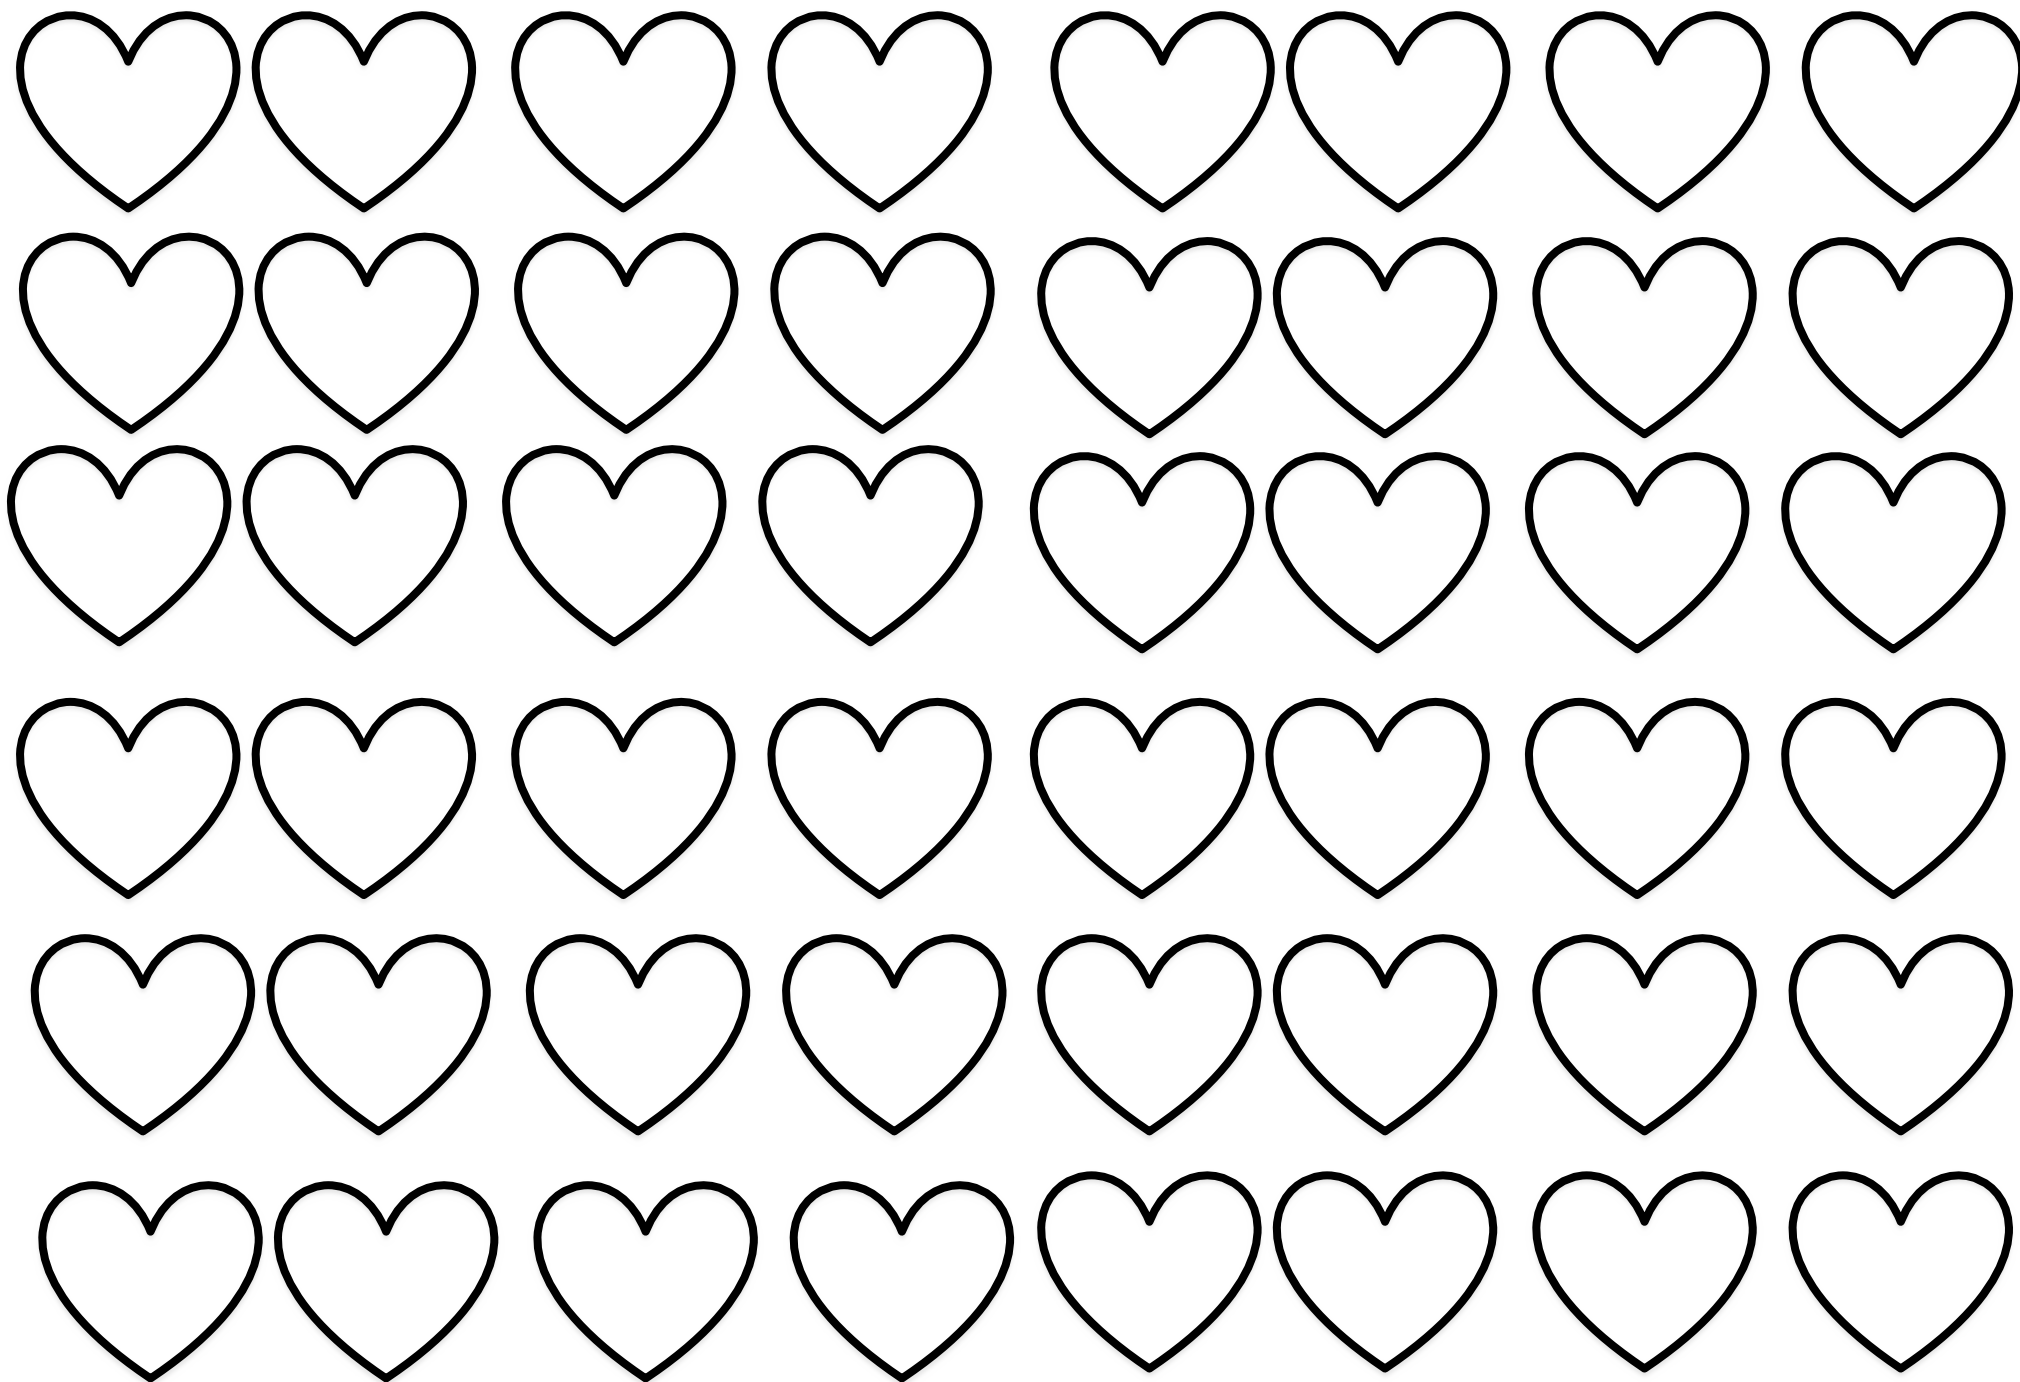

One head for each child. Run off on black paper.

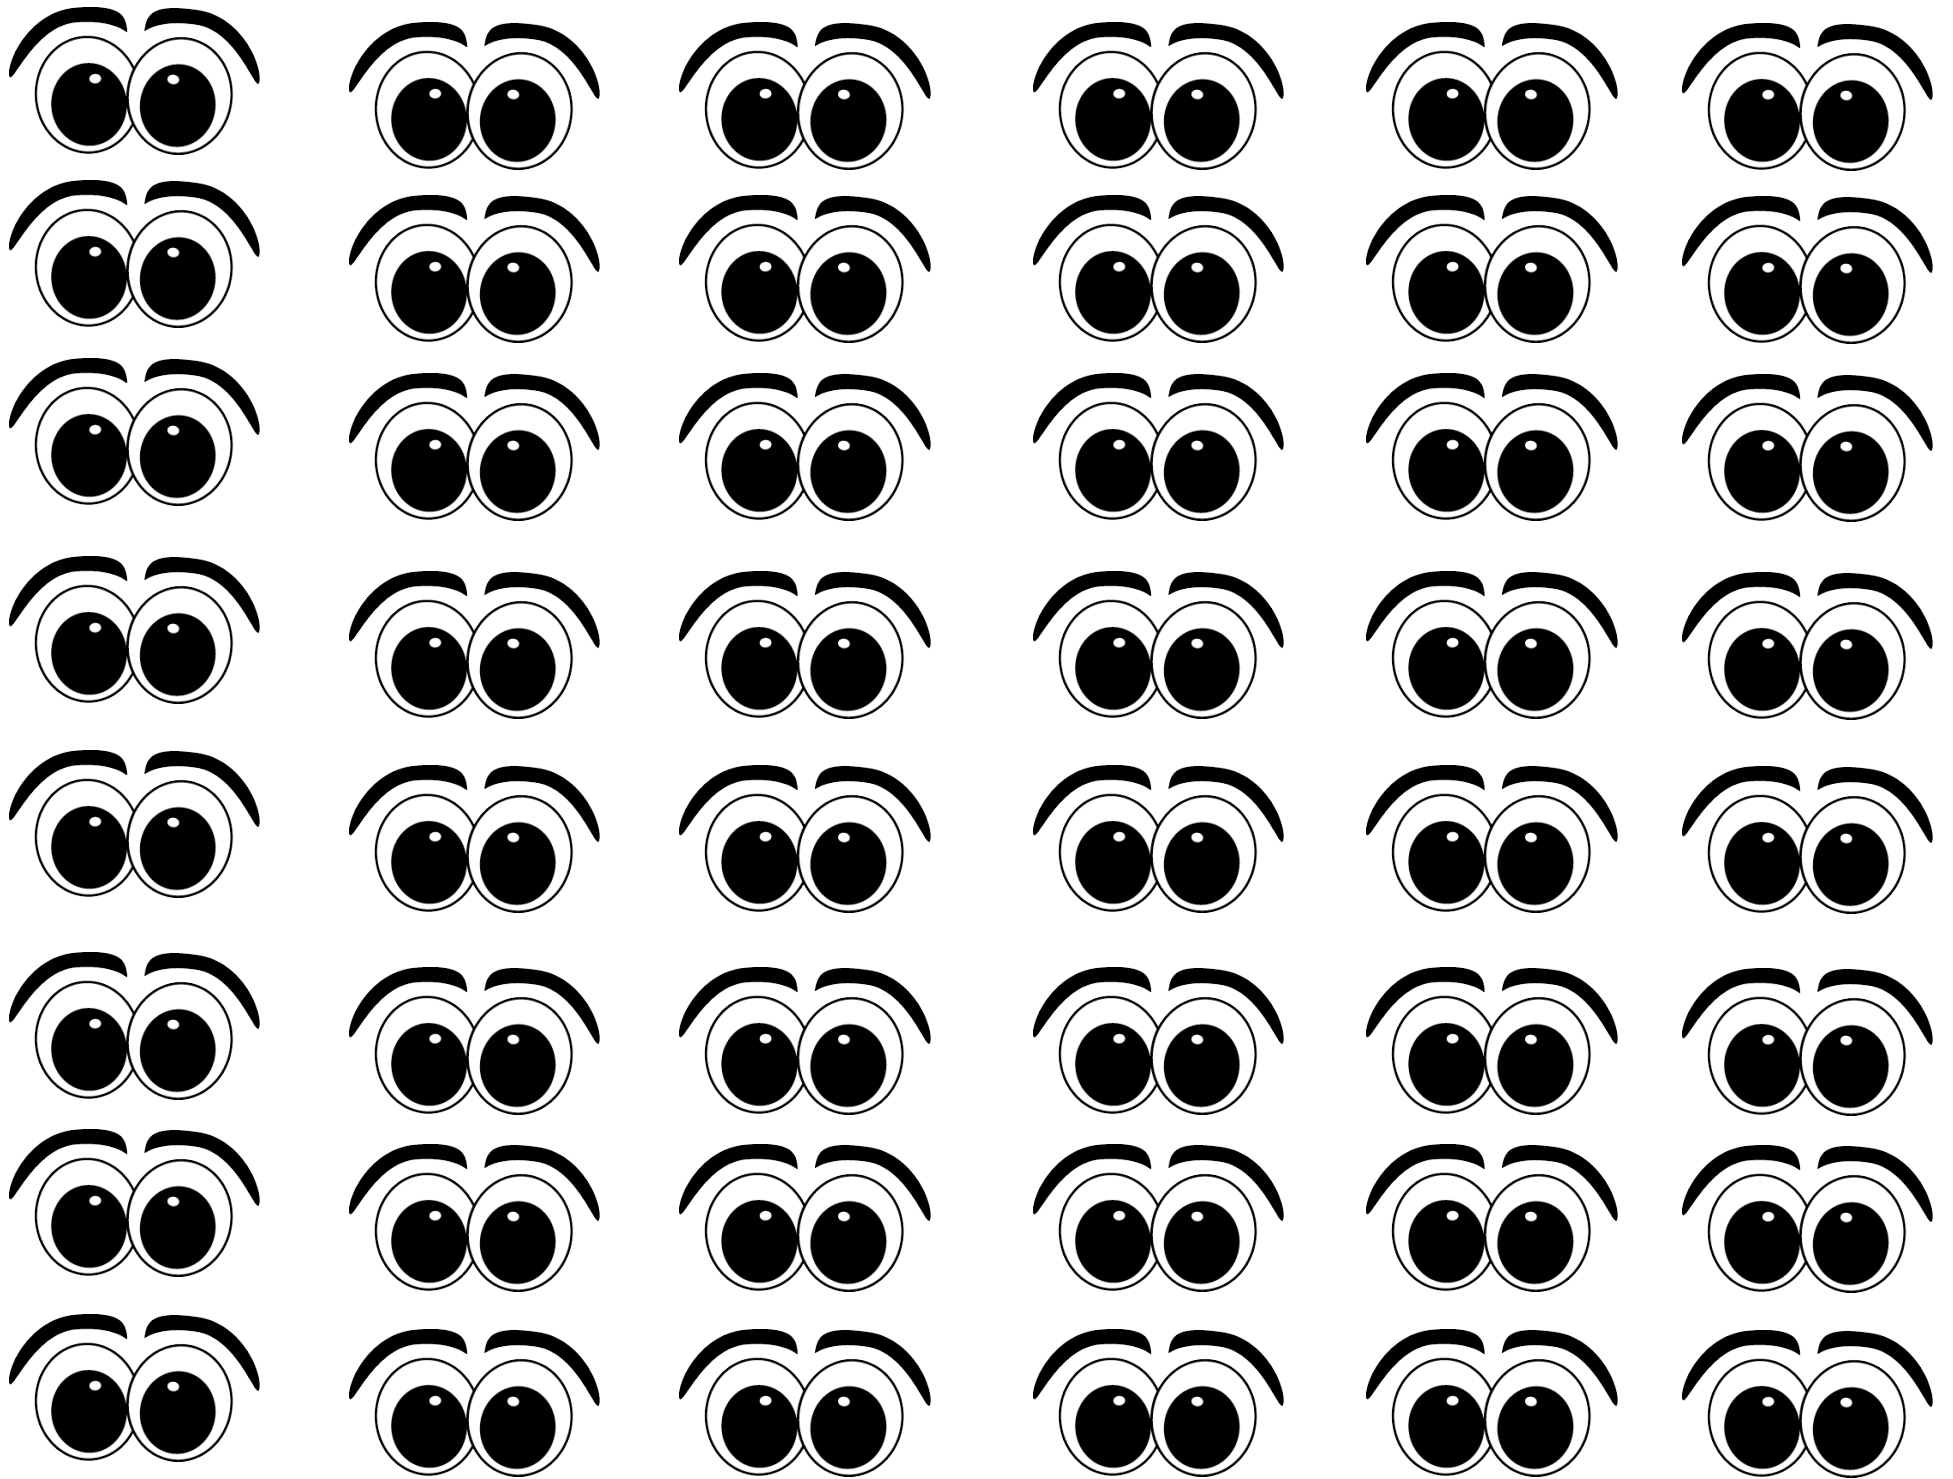

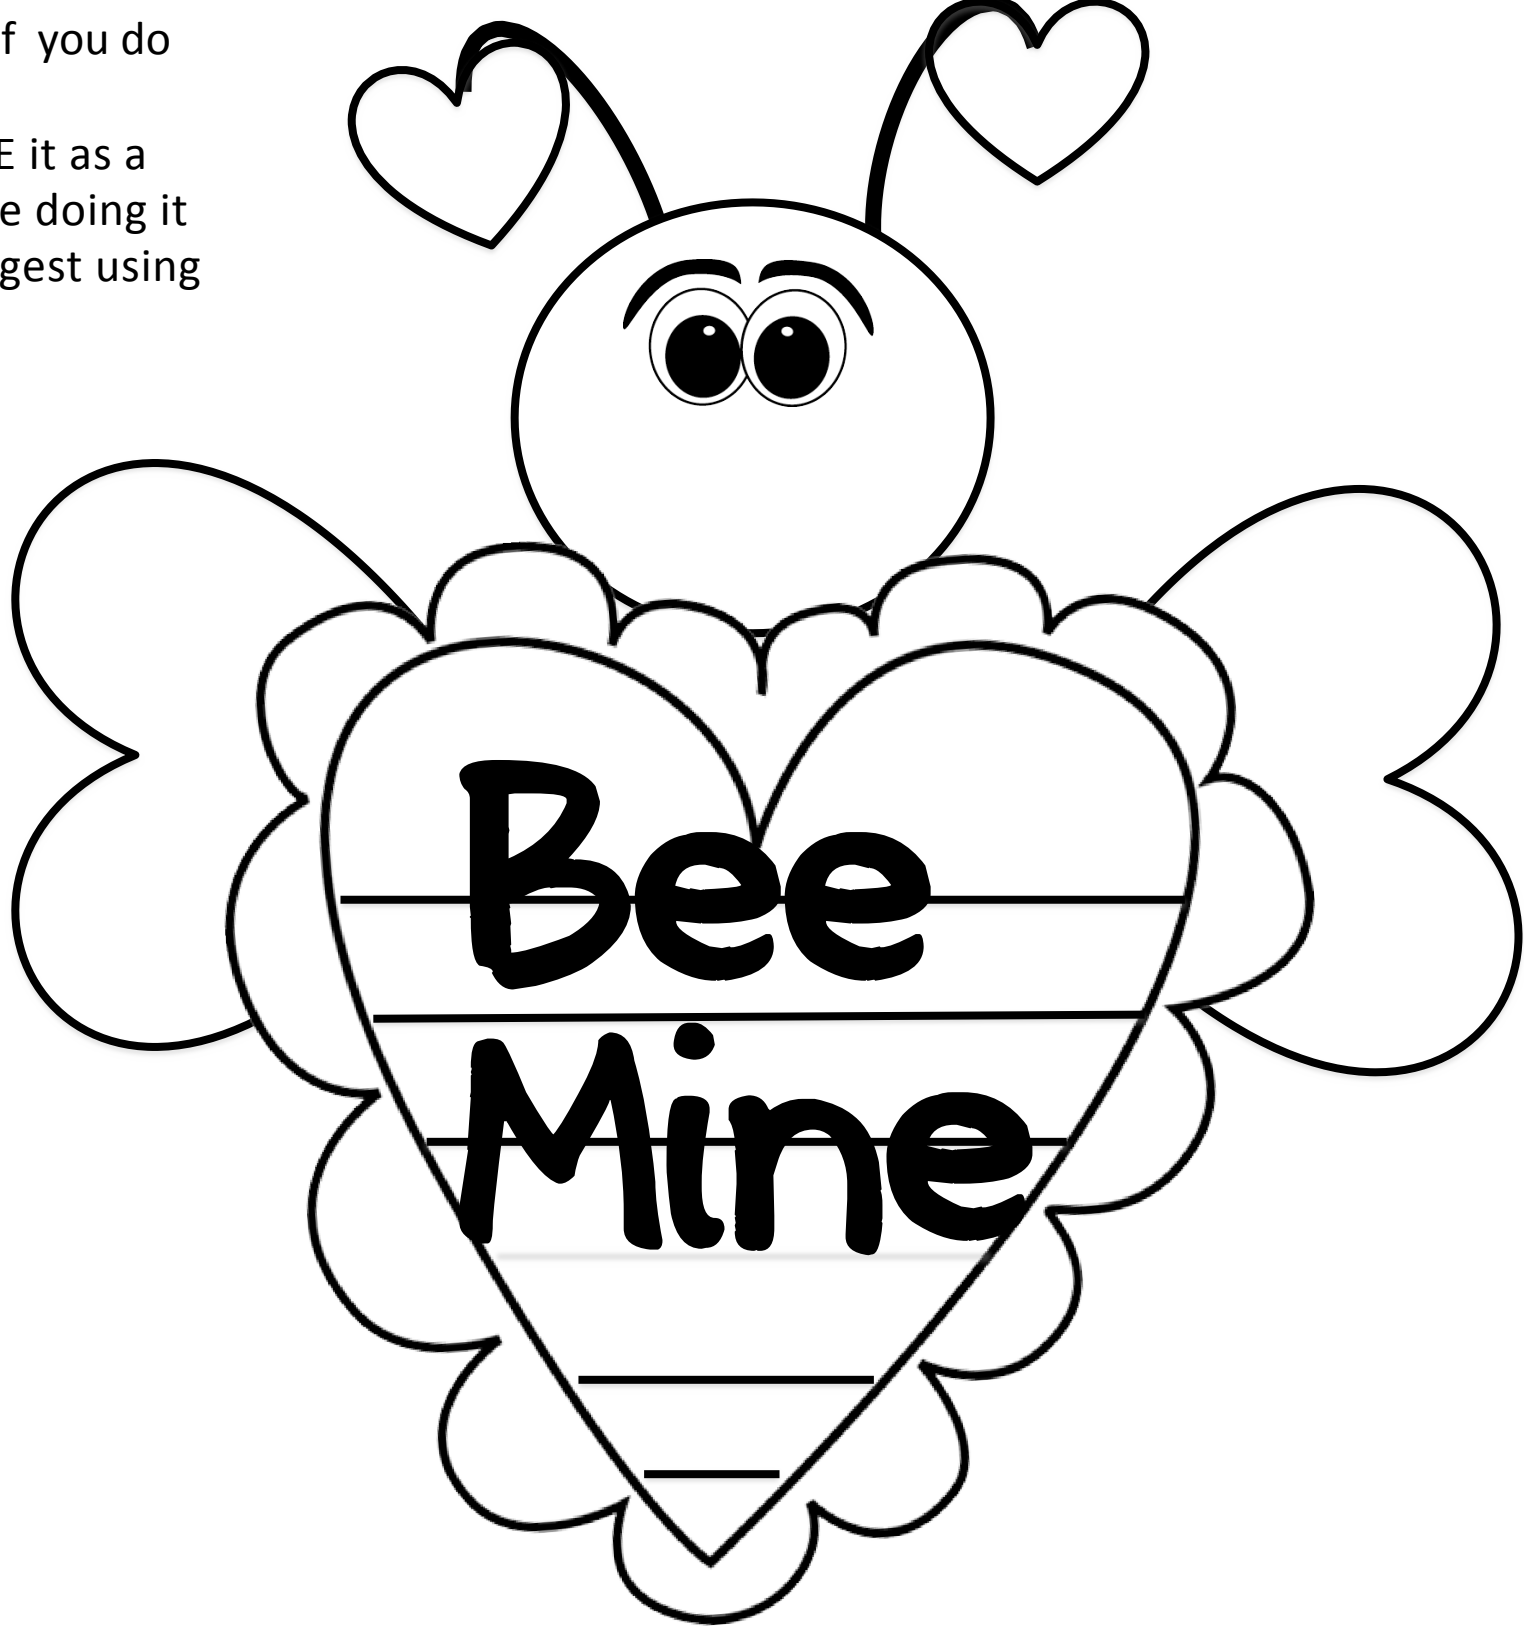

1 set of 2 wings for each child.
Run off on color of choice.

Antennae hearts 2 for each child or you can use foam stickers.

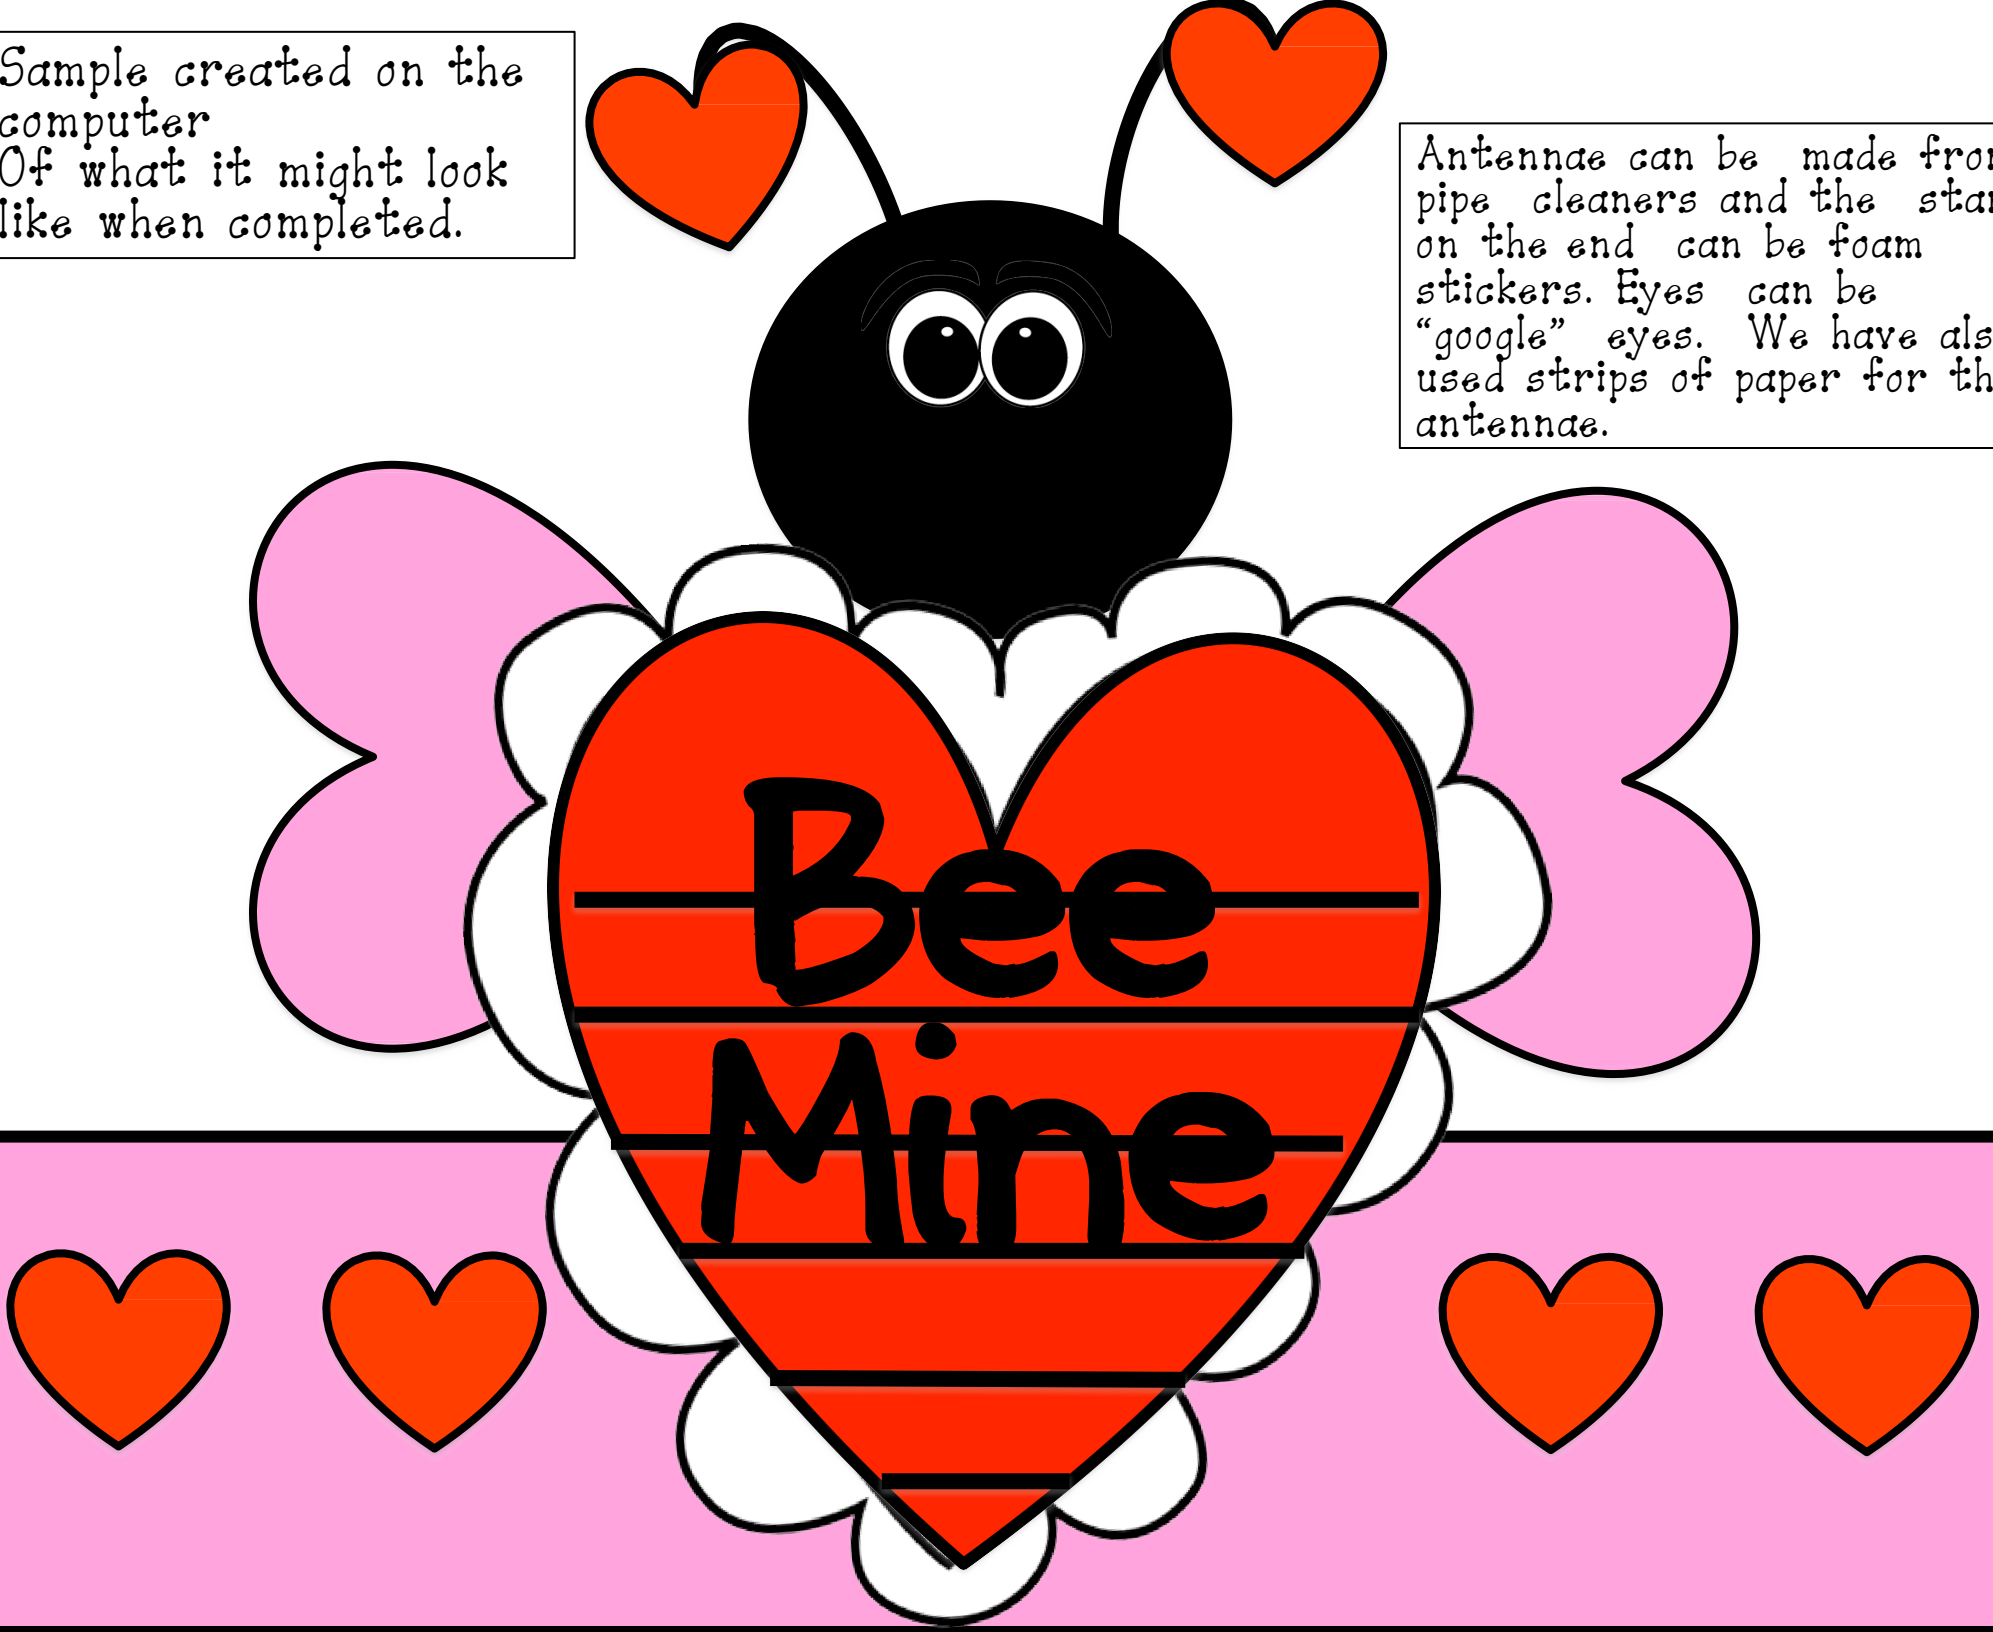

Can just color if you do not have TIME TO MAKE it as a craft. If you are doing it this way, I suggest using cardstock

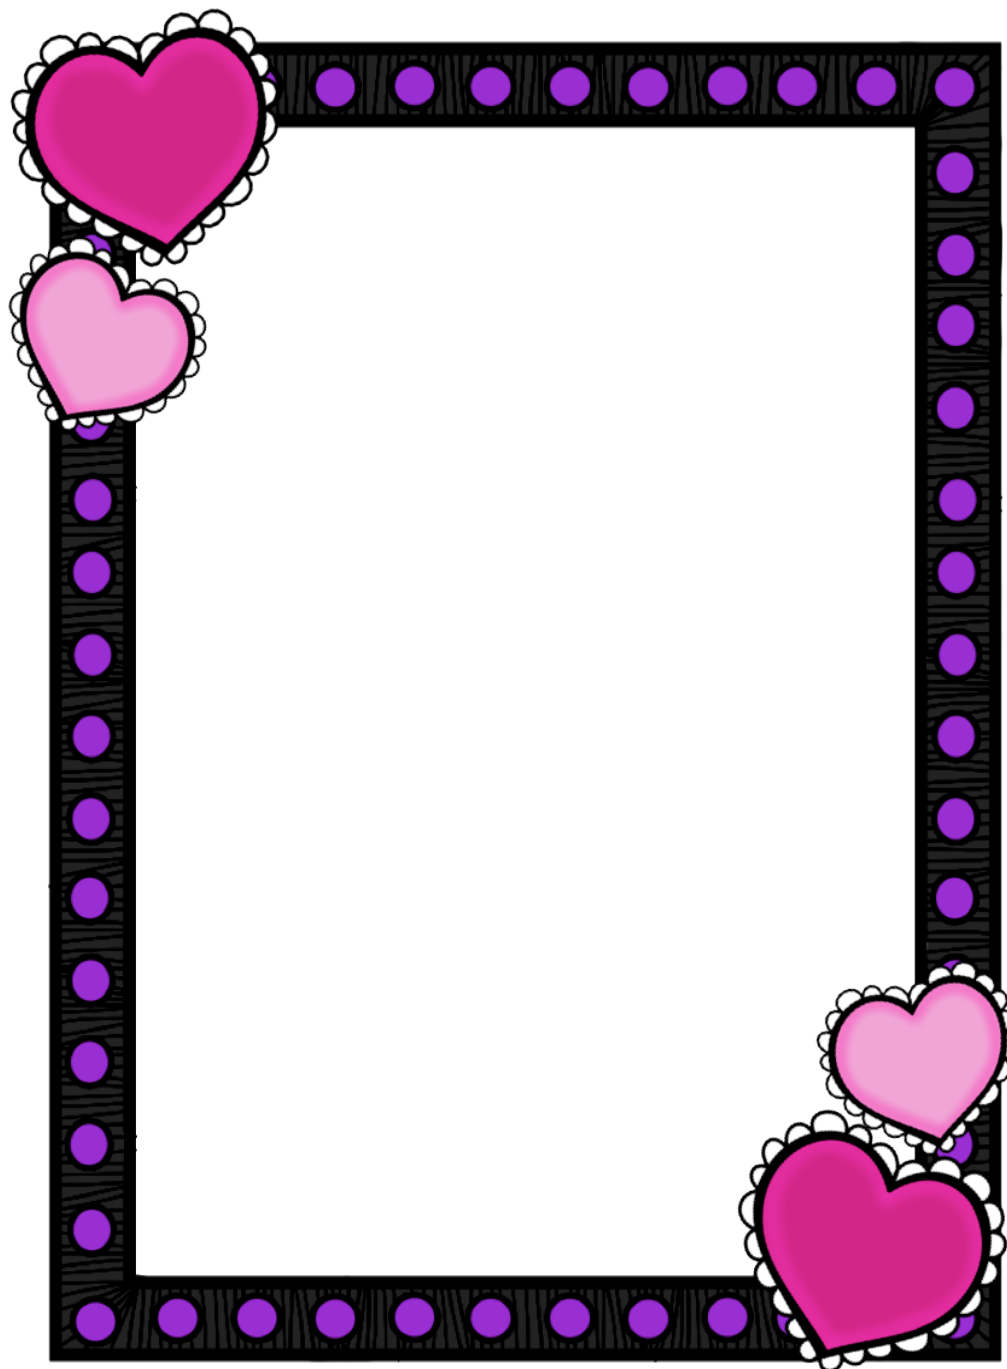

Sample created on the
computer
Of what it might look
like when completed.

Antennae can be made from
pipe cleaners and the stars
on the end can be foam
stickers. Eyes can be
"google" eyes. We have also
used strips of paper for the
antennae.

I LOVE YOU...

I LOVE YOU...

Sample of what the card might look like from the front. If you do it electronically on your computer and print it in color. This sample was created with foam stickers around the headband!

A cute idea: Take each child's picture with the crown on and make it into a Valentine's Day card for parents/ guardians. This would be the front of the card.

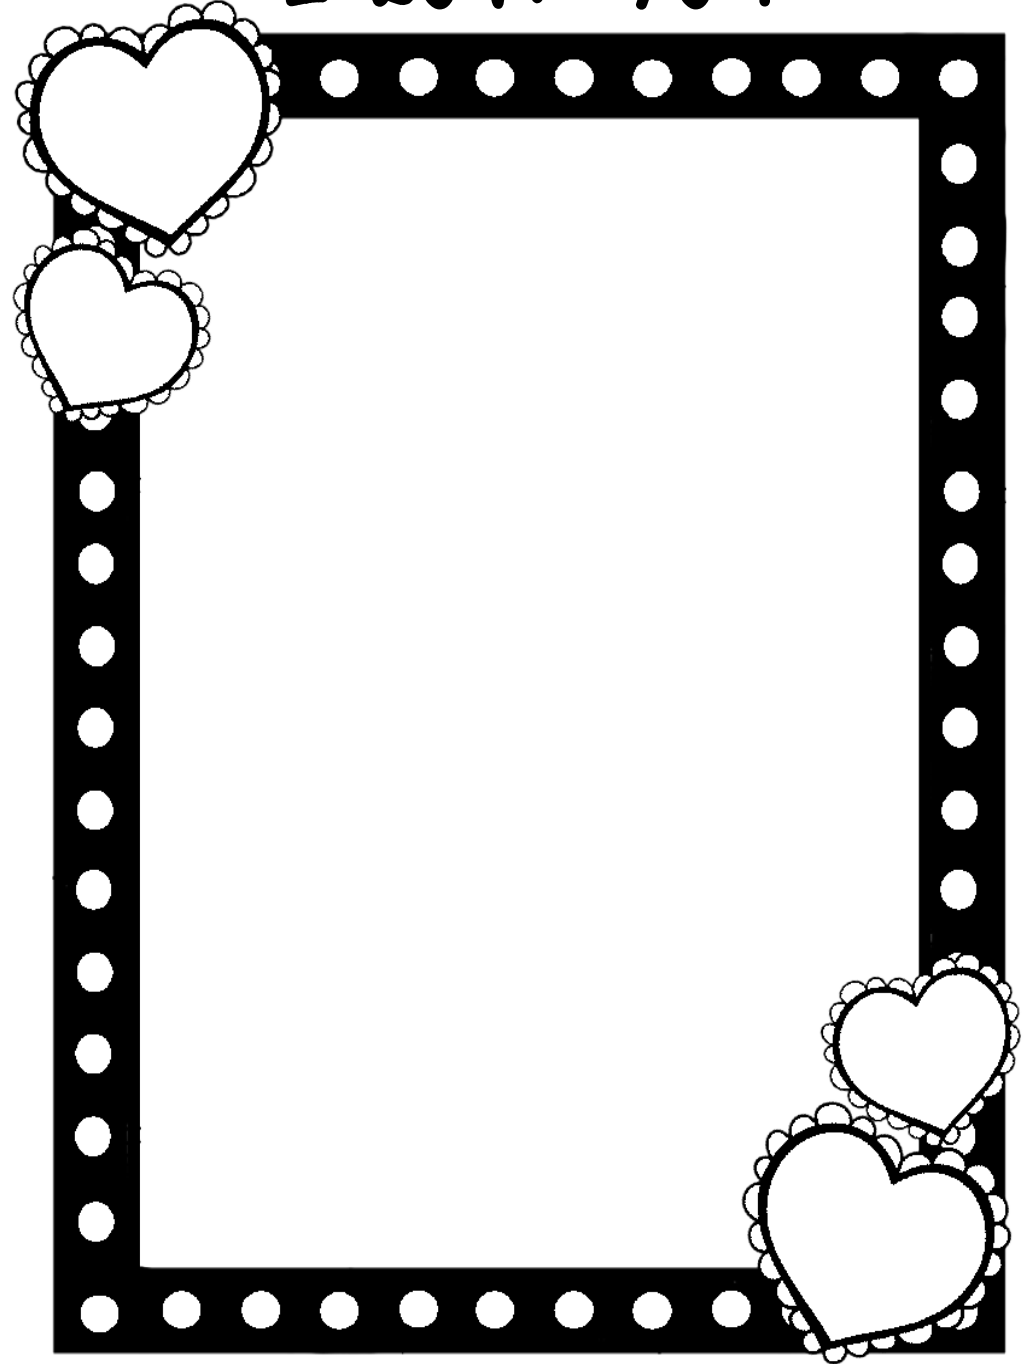

Inside can say:

Bee My Valentine. Happy Valentine's Day

Love, _____ 2/14/17

I LOVE YOU...

Valentine Crown and Family Card Idea

Have your kiddos make an adorable crown and then take their picture wearing the crown and make a BEE My Valentine Card with the date as a great remembrance of the school year.

Everything you need is included in this packet. All you have to do is add a little LOVE and make some time and get started. You can leave everything as is and have your students color everything or run off the templates on colored cardstock or construction paper and color cut and glue or make one and reuse it for all the pictures!! You can also simply give each child their picture and glue it on cardstock or construction paper folded in half like a card and have them write a message or letter to glue on the inside.

- Here's what's included:
 - Smaller heart templates for the wings.
 - One heart template for the body.
 - A circle template for the bee's head.
- Eyes to use for the Bee or you can pick up google eyes and use them instead.
 - Hearts for the top of the antennae or you can use foam heart stickers.
- A color card template to frame the picture and a black and white one that can be colored and used.
- YOU WILL HAVE TO PICK UP PIPE CLEANERS FOR THE ANTENNAE and use sentence strips or paper cut in strips for the part of the crown that goes around each students head. Strips of paper or popsicle sticks can also be used for the antennae

So What are you waiting for...Valentine's Day is right around the corner and the BEST part is this is a Freebie!!!!

Thank you for browsing, following, purchasing or downloading!
Sunshine your way! Have fun and be creative!!

ENJOY and I hope this brings a little
