Read the words and colour in the shapes with the 'k' sound words. Remember that we can write the sound 'k' in more than one way!

The image shows a large rectangle divided into a grid of shapes. Each shape contains a word with the 'k' sound. The words are arranged in a pattern that repeats every two rows. The words are: bend, nest, hand, snap, slips, frog, split, ant, act, went, ask, drink, kick, stamp, clock, stand, king, cat, mint, desks, lift, mend, grab, drum, plump, fast, splint, trust.
