

Present a talk for my family about a Scottish animal.

Create a Scottish wildlife **booklet**.

Write an imaginative piece set in the Scottish wilderness.

Write a letter to a conservationist, group or organisation, thanking them for all they do for wildlife.

Create a poster encouraging children to protect wildlife.

### John Muir Reading Comprehension.

### Scottish Landscapes Reading comprehension.

Research the animals that live in different parts of Scotland.

Research wildlife reserves in Scotland and make an advert, poster or leaflet for one explaining why they are so important.

Find out the impact human activity can have on animals. Suggest ways to improve this and present my findings creatively.

Research and write down the reasons Scotland's wildlife could be endangered.

Research wild animals that lived in Scotland in the past and create a **fact file** about one.

Research areas of conservation in Scotland and design my own. Annotate the design with captions detailing the impact it will have.

Investigate **food chains** and sort **producers and consumers**.

Discuss with an adult why animals can become extinct. Choose one to research and present my findings in a report.

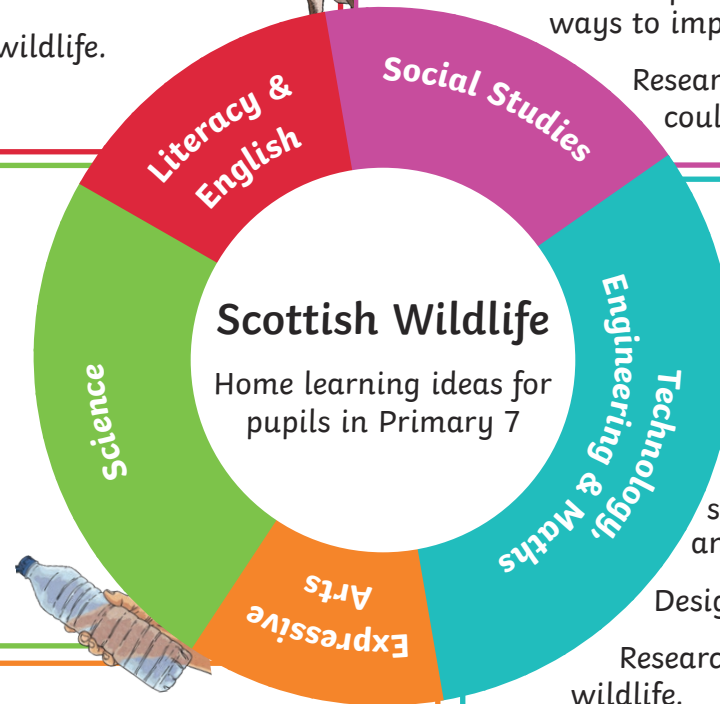

Find out what **perspective** means and create a wildlife picture showing perspective inspired by the Scottish landscape.

Create an advert for a documentary about Scottish wildlife. This could be a poster, video or sound recording.

Watch videos of The Lion King stage show and discuss how the performers move like the animals. Write a review detailing my thoughts.

Create a piece of art based on sunsets and silhouettes.

Write a script based on Scottish wildlife and perform it for my family.

Research how humans can impact on animal life. Find out what can be done to help and what we could improve on.

Talk with an adult about how to protect local wildlife and find out if there are any local organisations that try to help.

Make a PowerPoint about an aspect of the topic such as my favourite animal, how to protect animals or local wildlife.

Design and create a bird feeder.

Research and write down interesting facts about Scottish wildlife.
