

Adverbials building cohesion

Discuss how the author builds cohesion between paragraphs by using adverbials of time, place and number (e.g. *eventually*, *next*, *a week later*). Challenge children to find examples of these in the text.

Show children the PCM. Children write the next chapter of the book using the group planning, or their own idea if they prefer. Encourage them to use the same style of language as the book and to build cohesion between their paragraphs.
