

The passive voice

Explore the use of the passive voice and find examples in the text (e.g. *The fearsome blade is used to kill prey*). Discuss how the sentences could be rewritten to make the verbs active (e.g. *The shark uses its fearsome blade to kill prey*).

Using the PCM, children present an information page about an everyday item of their choice (e.g. a pencil case). Encourage them to use some of the layout features from the book.
