

Primary 4

Numeracy

This term the children will be developing their mental maths skills and using these to support them in a variety of problem solving activities.

They will be focusing on their number skills:

place value, addition, subtraction,
multiplication and mapping skills.

They will be using money as a context for learning as well as developing their calendar skills to help them to plan our school year.

Health and Wellbeing

We will be using our new Treehouse resource to help us to connect to the work and understand our responsibilities. We will also work to ensure our school is a welcoming place for all, and learn how to identify and express our feelings to help us manage our emotions.

P.E.

Our P.E. days are Wednesday and Friday. This term's focus will be fitness and netball.

We will also be participating in 'Fit 15'.
Jewellery is not safe to be worn during P.E.

Newsletter

Welcome to Primary 4!

It's lovely to have everyone back in class ready to learn. All the children have settled in well and are enjoying being back at school.

Mrs Teaz

R.E.

This is an important year for your child as we support them in their preparation to become full members of the Catholic Church through the Sacrament of Confirmation and Holy Communion. We will also be discussing our school values – Faith, Compassion, Ambition and Respect.

Social Studies

This term our topic will be Scotland. We'll be using our mapping skills to look at the features of the land as well as learning about important monuments.

Term 1 2025/26

Literacy

We will be focusing on Information Reports this term linked to our topic. Alongside this we will develop our knowledge of grammar: adjectives, adverbs and prepositions.

The children will focus on their listening skills this term, asking relevant questions in discussions.

In reading we will be using the PM books to develop our reading skills focusing on predicting, questioning, visualising and summarising as well as working on reading with fluency and expression.

Other Curricular Areas

Languages - This term we will be extending our French vocabulary to include greetings, the date and weather as well as numbers to 30.

Expressive Arts – Through topic work we will explore a variety of art, music and drama experiences.

Technology - We will be using technology skills to help us be creative, develop our problem solving skills and help us complete research tasks.
