

Orbiston Community Hub

Introduction:

Since our last newsletter, we have continued to develop the proposals for the new community hub. This has included the refinement of the proposed design as a result of some minor changes to the project brief.

The project website is continuing to be updated with further detail on our journey and the developing design solutions. It can be viewed here:

www.orbistoncommunityhub.com

Recent News:

We have recently submitted the Proposal of Application Notice to North Lanarkshire Council. Due to the size and nature of the project, we are required to undertake consultation before we submit the planning application in the summer, the next big milestone for the project.

We will be holding two community consultation events, one online and one in person. We would encourage you to review the website or attend the event as your views are important to us in ensuring we deliver a building designed with you, not just for you.

Scan the QR code to access the Planning Consultation website or log on here:
