Apologies

Mrs L Canning,

Approval of minutes

N/A

Correspondence

E-mail on Training (Parents Roles and Application)

Head Teacher's Report

- School roll is at 947 approximately. Had been some movement within the month
- Teacher numbers generally aligned to requirement
- Covid- General approach for managing Covid within the school seems to be working well. Large focus on Health and safety management covering washing hands, one way systems, hand sanitizers, monitoring eating zones etc

School Exam performance Report

A lot of the data covered in this topic is confidential but Mr J McGilp spent approximately 30 minutes talking around 4th year, 5th year and 6th year exam performance and answering a small number of questions asked by the members of the parent council.

It was a difficult year to forecast results due to the Covid situation meaning no final exams actually took place and course works and prelims were used to determine results.

Sub-Committee Report

Due to Covid no meetings of PTA have taken place yet.

Any Other Closing Business

Discussion on continuing with digital meetings vs meeting in the hall face to face.
The conversation was cut short as meeting timed out .

Next Meeting – Tuesday 27th October, at 7 pm (this was confirmed after the meeting ended)
