Accelerate

June 2023

Want to find out more about the career you would like to follow? Interested in finding out what it's like to study at university?

Held at the University of Strathclyde, 'Accelerate' is a week-long programme for pupils who have just started S5 or S6.

Through a series of group activities, you will be able to find out more about the career you are interested in following. There are seven courses that you can choose from, depending on what you might like to study after school.

Taking place from Monday 19th to Friday 23rd June 2023:

• Business

- Chemistry
- Computing Science
 - Education

• Electronic & Electrical Engineering (EEE)

Taking place from Monday 26th to Friday 30th June 2023:

Chemical Engineering

Product Design

Led by current university student mentors, you and your team will complete our exciting fiveday challenge programme, as well as attending career workshops and getting a chance to see what student life is like.

What's in it for you?

- Find out about the different areas of the career you would like to follow
- Discover what studying and working in your chosen field is really like
- Discuss your career and academic options with professionals and university staff
- Meet new friends and work with current University students

Feedback from previous participants:

"I think it is a brilliant way to open your eyes to real university life."

"A fun-filled week and a great way to make friends."

"This has been an amazing opportunity to be able to explore the career I would like to pursue."
